Re: Recommendations

I met with Mrs. Green while in Challis last summer. We went over her Director's Report Recommendations and she told me that the Points of Diversion were incorrect. We drew a little map and she explained that she gets her Highwater (72-04087 – filed as a late claim) out of a diversion which she shares with several neighbors, represented by GPS tag A0002714 and located in the NWNWNE of Section 17. When the highwater has been cut off, she then uses two additional points of diversion through agreements she has with Mr. Piva for a diversion in the SWNWNE of Section 17 and represented by GPS tag #A0002713, and with Mr. Gammache for a diversion in the NENWSE of Section 17, represented by GPS tag # A0002716. I made my new Recommendations based on this information. She had also requested adding pods to 72-04024. It is for a well so I didn't add the surface water diversions to that right, just changed the Remarks a little.

Had some questions as to whether I should show the Piva and Gammache diversions on 72-00020E because it seemed Mrs. Green said these were mostly used for the Challis Creek Lake Right (72-02147A) **after** her decreed water had been shut off. I was also not sure if the diversion in the NWNWNE of Section 17 (tag # A0002714) should be included in the recommendation for 72-02147A. I made my recommendations to include them because it seemed she intended that by her amendments **and** it gives greater flexibility in water delivery...

The rate per acre calculations are based upon a 300 foot run at a 2% slope. An 8 hour set time was also used. Individual graded border evaluations, soil characteristics work sheets, and peak irrigation diversion requirement work sheets have been created and archived separately for each soil type.

Where actual rotation is shorter than the optimal rotation, optimal rotation is the criteria to be used for the recommendation analysis and, therefore, the rotation percentage adjustment is not necessary. The rate becomes the acres per soil type times the rate per acre from the above chart.

Until this late fee business is resolved, we do not want to process and treat this claim as an acceptable claim. Ms. Green is on the threshold of having her claim rejected, and the Court notified IDWR has rejected the claim and no director's report will be forthcoming.

Just sent the FAX. I see your office was copied on this January letter, and I thought you had said you had a copy of the claim. Am I mistaken in that? Anyway, if you don't have a copy, I can FAX that also, if you'd like, just let me know.

Notice of Claim #A72-04087 — *Custer Co.*

Dear Claimant:

Your Notice of Claim to a Water Right was received from the SRBA Court recently. I have enclosed your receipt #C047656 for the filing fee and your yellow file copy of the claim.

Before we can process your claim, however, a late fee in the amount of \$50.00 is due. According to SRBA Court Administrative Order 1, Rules of Procedure, (Page 3 of the Standard Form 4 you filed), "A claim filing fee and a late claim fee for those claims other than a domestic or stock watering use for which a notice of claim was not filed."

Upon receipt of the late fee, your Notice of Claim will be investigated and reported to the Court in a future supplemental Director's Report. Please contact me at 208/327-7932 if you have any questions.

Sincerely,

Sally, this is a copy of a mail message you sent to me stating that you DIDN'T have this late claim! Now I find out you've had it all along...meanwhile Doug and I have been tearing our offices apart looking for it. I didn't know you had requested a late fee...maybe a copy of that letter would be nice for my file.

No, I have the claim in the Custer County File, nice and safe. Don has instructed me to t/f for 2/25, then call her. Each step is, of course, up to him. If she sends the late fee to you, would you please email me or call me? I'll get the claim data entered when we receive the late fee.

No I haven't heard a word from her...in fact, I still haven't ever seen the "original late claim". I have a COPY here, but haven't actually even data entered it yet!

I wasn't sure you had requested a late fee, do you think you might have sent the claim back to her with that request?

Hi Jeanie. This morning I pulled my tickler file copy of our 1.25.00 letter to Ms. Green requesting a \$50.00 late fee. Checking ARQ2 under Green, I don't see a rec't other than her filing fee.

Have you heard from her by chance?

Hi Vicki,

I'm looking for this late claim and I can't seem to find it among my stuff. It was accepted by the court and supposedly forwarded to IDWR on January 5, 2000.

Think it might possibly have gotten into your legal files?

Thanks, Jeanie

I looked through the file and I don't see an extension to waive the late fees in there. I can fax you a copy of the letter I sent regarding her opportunity to file this claim, which was previously missed, where I mentioned the \$50.00 filing fee. I failed to mention any late fees...I guess I was assuming that where people make a diligent effort to file their claims on time and one gets overlooked, we sometimes waive the late fees, but go ahead and charge them if you like. I have no problem with it at all and it certainly causes extra work at this late date...

RE: 72-04087

Dear Roberta,

You had questioned whether there was a "High Water Right" for your property in Township 14N, Range 19E, Section 17 (the Home Place).

I found no claim in the adjudication filings but I did find this statutory claim (72-04087) in our water right files. It appears to be the usage you were referring to. In order for this type of water right or claim to be included in the adjudication, it was required to be "reclaimed" in the adjudication. Evidently this one was somehow overlooked.

It is not too late to file a claim, but because a Director's Report has already been filed for your area, the process becomes a little more complicated and involves the SRBA court. A Standard Form 4 (SF4), MOTION TO FILE A LATE CLAIM, must be filed with the court along with a completed claim form and check for \$50.00 (filing fee) made out to IDWR (Idaho Department of Water Resources). Note the mailing requirements for copies on page 6 of the SF4.

I have included the necessary forms. Assuming you agree with the other recommendations for this property (72-00020E and 72-02147A), you may wish to use some of the information from those recommendations in completing your claim form, such as location of the Point of Diversion and acres in the Place of Use. Please remember to sign the claim and have your signature notarized.

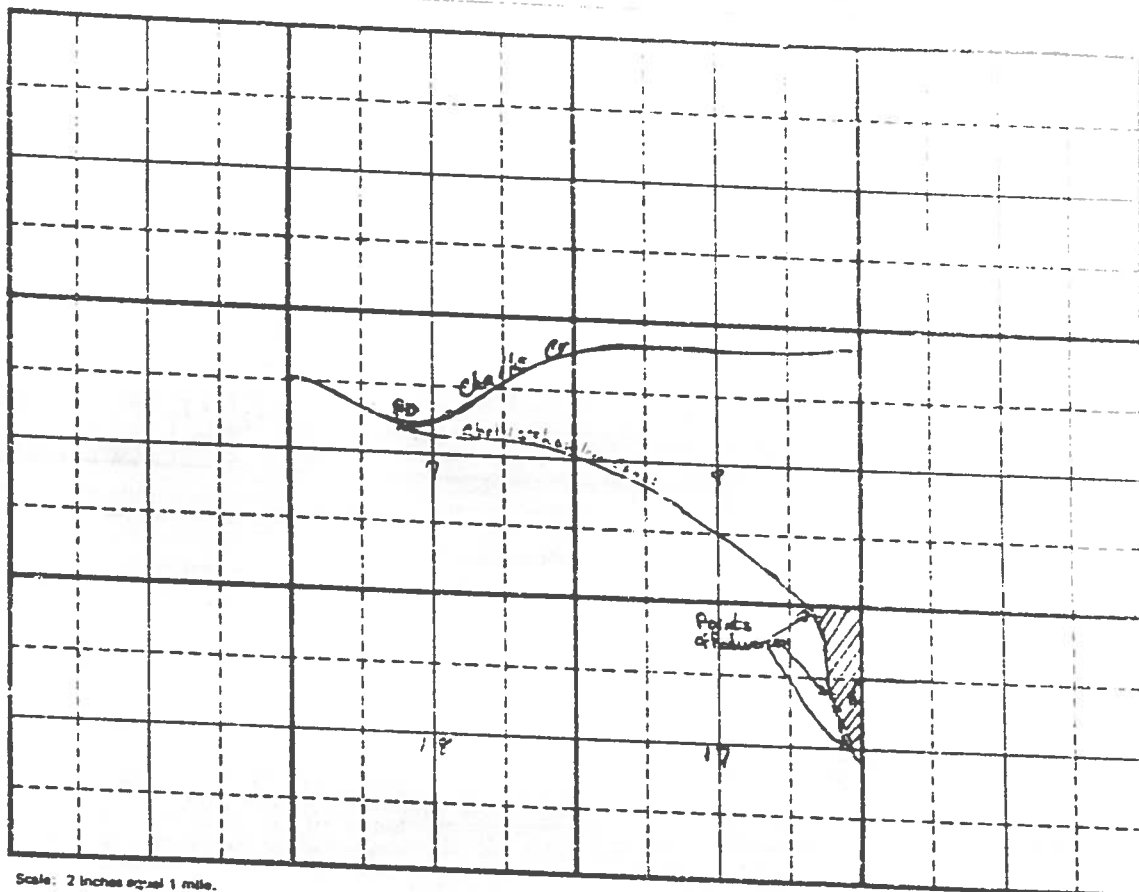

If I can be of further assistance, please feel free to give me a call at the office.

Sincerely,

Jeanie Robertson
