ORDER OF PARTIAL DECREE, *NUNC PRO*

On December 7, 1998, the Director of the Idaho Department of Water Resources filed his *Director's Report for Domestic and Stockwater, Reporting Area 23, IDWR Basin 74* ("Director's Report"), which included a recommendation for the above-captioned water right claim. No objections were filed to the recommendation and the time period for filing such objections has expired. On September 1, 2000, *Partial Decrees* were entered for the uncontested water right claims recommended in the *Director's Report*. It was intended for the above-captioned water right claim to be decreed along with the other uncontested water rights on September 1, 2000. However, due to a clerical error of the Court arising from oversight, a *Partial Decree* for the above-captioned water right claim was not issued at that time.

Therefore, IT IS ORDERED that the above-captioned water right claim be **decreed *nunc pro tunc*** as set forth in the attached *Partial Decrees Pursuant to I.R.C.P. 54(b), Nunc Pro Tunc, September 1, 2000*.
