Dear Mr. Hartman:

We are returning you Notice of Claim for some additional information.

The Date of Priority (item #2) is the date the water was first used from the well. According to a well driller's report the well was completed on July 23, 2002. If that is the day that water was first used then you should list that date.

Most claimants for domestic use, which is household use and lawn and garden watering list the amount as 0.04 cfs and stockwater as 0.02 cfs. If that is agreeable to you, please list those amounts in item #6 and return the claim to our office.

Thank you,

Kenneth Knoblock
Water Resources Supervisor
