Re: Amended Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 94-7049

Dear Mr. Dodson:

Enclosed is the Amended CSRBA Claim 94-7049 that we discussed last week for signature by Joint School District # 391 on the Kellogg Middle School. The Amended Claim restores the original licensed Priority Date and includes corrections to the legal descriptions for the well location (Point of Diversion) and the Irrigation Place of Use.

Please coordinate with the District to review, date, sign, and return the Amended Claim to the Idaho Department of Water Resources (IDWR) address shown above. No additional fee is required.

The District should contact IDWR about obtaining a new water right for the additional land under irrigation at the Middle School. Water Right License 94-7049 limits the irrigated area to four acres. The existing Claim 94-7049 indicates the District irrigates 12 acres and the Shoshone County tax parcel (RPD00000062500) for the School is 24.2 acres.

My telephone number at the IDWR Northern Region Office is (208) 762.2816.

Respectfully,

Shaun M. Maxey
Senior Water Resource Agent
