RE: Kellogg School District - your letter of February 24, Claim No. 94-0749

Dear Mr. Maxey:

Thank you for your gracious recapitulation of the claim to an amended status. I have forwarded the same on to my client for signature and upon receipt will return it to the Idaho Department of Water Resources. In the interim because my client advises that in addition to the four acres currently authorized under the water permit and claim, they are irrigating an additional eight acres from the same source, would be good enough to send me the appropriate documents for an application for additional land under irrigation near the middle school it would be appreciated. We will thereafter complete them and file them with your office. Again, I appreciate your thorough response and explanation.

Sincerely,

Charles M. Dodson  
Attorney at Law
