Re: Coeur d'Alene-Spokane River Basin Adjudication Claim (CSRBA) Claim No. 91-7420

Dear Claimant:

Idaho Department of Water Resources (IDWR) has finished initial processing of your water right Adjudication Claim. Your Claim has been assigned Identification No. 91-7420. Review of your Claim indicates that it is your intent to claim water use both from a drilled well (Ground Water) and from the St. Joe River (Surface Water) with different starting dates (Priority Date).

IDWR cannot recommend combination of the two different sources (Ground Water & Surface Water) and two Priority Dates to the CSRBA Court for a decreed water right under a single claim. Your existing Claim will be recommended as Ground Water (.04 CFS) for Domestic use from a well with a Priority Date of January 1, 1986.

Please complete the enclosed claim form or complete an on-line claim (www.idwr.idaho.gov) for the St. Joe River if you want a separate decreed water right **and the water use began before May 20, 1971**. You are not required to claim the date that you acquired the property as the Priority Date if use of the St. Joe River started with a prior owner. **Contact IDWR for help with a water right Permit Application if the surface water use began after May 20, 1971.**

Please do not hesitate to contact me if you have any questions. I can be reached by phone at (208) 762.2816 or at the address shown above.

Respectfully,
