RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by May 1, 1992, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.

RE: WATER RIGHT NO. A72-04166
A72-04167-A
A72-04167-B
A72-10362
A72-04027

STATE OF IDAHO)
 : ss.
County of Custer)

The undersigned, first being duly sworn, deposes and says as follows:

1. I am a male, born in March of 1921, presently residing in Custer County, Idaho. My parents had interests in a cattle ranch, with a winter operation near Challis where we lived at the time of my birth.

2. I have reviewed the print-out from Idaho Department of Water Resources attached and made a part hereof as Exhibit A, and am familiar with the facts stated therein. I resided on the lands described as the Place of use all during my childhood and assisted with the irrigation of these lands.

3. I am not able to state that I personally recall the lands in question being irrigated in 1914, however, I can of my own memory state that the lands were irrigated in 1927. Further, recalling the condition of the ditches at that time, and recalling conversations with my father, uncles, and others, it is my belief that all the lands listed under the place of use were irrigated no later than 1914 from the described source. It is my honest belief that the true priority would, if anything, be earlier although my earliest personal recollection of such fact I believe to be when I was 6 years of age.

4. I also state that I remained interested in the cattle business conducted on these and surrounding lands until very recently when I sold my ranching operation to Daniel J. Mahoney, Jr. My only extended absence was a brief period during World War II. Therefore, I have maintained contact with the yearly use of the lands and believe I have sound bases for these statements which to my best knowledge and belief are accurate and true. Further, during the period of 1914 until my childhood, these lands were at all times either in the ownership of my parents or
