

December 3, 2012

MEMORANDUM FOR RECORD

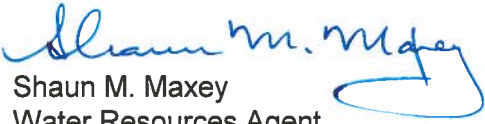

SUBJECT: CSRBA Claims 91-7231 & 91-7481

I received an incoming telephone call from Mr. Rustin Young before 10 A.M. on December 3, 2012. Mr. Young's call was in response to my September 11, 2012 letter to him with questions concerning CSRBA Claims 91-7231 & 91-7481.

Mr. Young told me during the call that the source of water he was filing on for 91-7231 was a spring located on a neighbor's property that originally supplied a home on the property he now owns (Benewah County tax parcel RP46N03W023250A). Mr. Young said he does not use this source and it is not used by his neighbor.

Mr. Young also said that there is only one well, drilled in 1988, and one home on his property. This is properly covered by Claim 91-7481.

Mr. Young and I discussed what he needs to do to withdraw Claim 91-7231. He will be sending me a letter to withdraw Claim 91-7231.
