RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by May 1, 1992, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

Dear Mr. Jenkins:

Please find enclosed the copies of the water rights pertaining to the partial of ground you own.

We feel you have the right to water from the original decree of the 1879 right. Also, there is a partial license right No. 72-2149.

We suggest you contact Charlie Burns, watermaster of Challis Creek, to deliver your 1"/acre and work towards restoring the ditch to your property.

You may try discussing this with Bill Hammond to find out what his original intent was with the original water filing.

If you have questions concerning this matter, please feel free to contact this office.

Dear Mr. Belkowski:

Our records indicate the following water rights appurtenant to 35 acres within SW1/4SW1/4, Sec. 16, 114N, R19E, of which 2 acres of your property is a part.

Water Rt. No.	Priority	Amt on Belkowski Property
Claim 72-4179	5/15/1924	.16 cfs
Claim 72-4180	5/1/1929	.04 cfs

The Department is also processing an application for transfer of decreed water right No. 72-0032 filed by Ted Strickler. If approved the transfer would take .05 cfs of the decreed right appurtenant to your lot.

The other lots to the west of you have similar amounts of water appurtenant under the claims and would also receive water under the Strickler transfer.

If you have any further questions, please feel free to contact me.

Hi Jeanie! Bet the subject line got your attention, huh? I just rec'd a phone call from Warner Buehler whose number was too high at the meeting to get served. (at least that's the way HE put it!)

Please call him at 208/879-2283. That's his work number and he said he's usually there - I accused him of not having a life - he sounds delightful - great sense of humor (hmmm, wonder if he's single....?)

Gosh, it must be FRIDAY.

Thanx a bunch. Calling him next week would be all right, he said. He's just not been able to get through. I explained that's because several thousand OTHER people are calling your office also.
