RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by May 1, 1992, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

IT IS FURTHER ORDERED that the proposed transfer of portions of claim no. 72-04179 is DENIED.

IT IS FURTHER ORDERED that the approved transfers shall be subject to the following conditions:

1. The changes authorized by this approval shall be accomplished within one year of the date of the issuance of this order or within one year of the resolution of any administrative or judicial procedure related to the finality of this order.
2. These rights are subject to the control of the watermaster of Water District No. 72-C, Challis Creek. Delivery to the non-decreed claimed rights shall be curtailed whenever flow in Challis Creek is not adequate to satisfy all permitted, licensed and decreed rights.
4. Approval of this transfer does not preclude the review of the validity of the claims to water rights, the limits of the components of the water rights (including the rate of flow), and revision or dismissal of the claimed water rights in the ongoing Snake River Basin Adjudication.
5. The applicants shall install and/or maintain adequate controlling works and measuring devices.
6. Approval of this transfer does not establish or determine the existence or nonexistence of rights-of-way for the delivery of water.

THIS CLAIM IS FOR 2.5 ACRES AND CLAIMS 0.07CFS. (2.5/35 X 0.769
0.07CFS)

ORIGINAL PROPERTY WAS 38 ACRES AND WAS ALL IRRIGATED USING THIS RIGHT. I BOUGHT THE PORTION DESCRIBED BY THIS CLAIM IN 1978. THE IRRIGATION DITCH WENT THROUGH THE CENTER OF THE PROPERTY DELIVERING THE WATER. WHILE I WAS GONE MR. STRICKLER MOVED THE DITCH TO THE NORTH BOUNDARY. SINCE 1981 MR. STRICKLER HAS BEEN DIVERTING ALL THE WATERS FROM THE DITCH. I AM ACTIVELY TRYING TO SOLVE THIS PROBLEM OF DELIVERY. I HAVE USED THE WATER EVERY TIME IT HAS REACHED MY PROPERTY.
