COEUR D'ALENE ID 83814

Dear Mr. Siverson:

I'm writing in regard to our phone conversation of April 3, 2014, which we discussed the claim you filed in the Coeur d'Alene-Spokane River Basin Adjudication (CSRBA). The claim was originally filed for 3.9 acres of irrigation but you amended that on September 7, 2010 to domestic use only. (This includes usage at the home and less than ½ acre lawn/garden irrigation). This claim is numbered 95-12206 and I've enclosed a copy for your information.

If you intend to irrigate more than ½ acre, I recommend that you begin the application process for establishing a water right. The permit system for establishing a water right became mandatory for uses developed from ground water after March 25, 1963 (except for domestic purposes as defined by Section 42-111, Idaho Code), and for uses developed from surface water after May 20, 1971 (except for watering stock directly from streams).

I've enclosed an application for permit form with instructions as well as a business card for Eric Davis. Mr. Davis handles all new water appropriations.

Please feel free to contact me if you have any questions regarding your CSRBA claim. I can be reached at (208) 762-2802.

Sincerely,

Linda A. Werner
Water Resource Agent
