RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.** The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by **May 1, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

AFFIDAVIT - WATER USE

RE: WATER RIGHT NO. A72-04215A

RECEIVED

APR 28 1992

STATE OF IDAHO)
 : ss.
County of Custer)

Department of Water Resources
Southern Region Office

The undersigned, first being duly sworn, deposes and says as follows:

1. I lived with my husband, Don, and our family on the Sleeping Deer Ranch located in Sections 5 and 6, Township 14 North, Range 18 East, Boise Meridian, Custer County, Idaho, in 1960 and later years. We were the owners of the property at that time.

2. I am personally familiar with the water usage set forth on the attached Exhibit A.

3. I specifically state that a large volume of high water from Bear Creek was diverted through our ditch system and spread on our lands throughout the early growing season. To the best of my recollection, we irrigated some 80 acres or more with the available water. This practice took place as early as 1960 and continued until we left the ranch in about 1970. The primary usage of high water occurred during May and June annually. The water right referred to above pertains to a portion of the lands and water we used during the 1960's.

4. In my review of the attached Exhibit A I can and do swear that to the best of my recollection, knowledge and belief, the information contained therein is true and correct so far as our usage of the water from and including 1960 to 1970.

DATED: April 21, 1992.

Adrienne Young

Dear Sirs:

Enclosed please find a Affidavit pertaining to our water rights per your request. I must state that I feel what you people are trying to do is nothing more than a front for stealing. When We paid for our Land we also paid for the our Water right. To take that from any land owner in my mind and everyone in our area is illegal. When we paid for our Adjudication Claim we were under the assumption that our water rights were finalized. What will be your next move?
We will be waiting for your response.

Sincerely yours,

Sandy Thomas

NOS. DESCRIPTION

186 14N, 18E, 6 NESENW upper ditch } Bear Cr.
187 14N, 18E, 6 NESWNE lower ditch }
224 14N, 17E, 5 SESESW (72-04000A)

Soils info is not available at this time for the P/U in question. Representative soils bordering streams in the general area are: DBB .13 CFS/A
CPI .36 CFS/A
lower in the valley WCI .07 CFS/A.

Wor rate Recom Lit = $\frac{4.93}{55.44} = \frac{.089}{1} = \frac{.089}{55.44} \text{ CFS/AC}$

all soils except WCI show a greater rate per acre requirement than calculated above therefore the rates per claim are acceptable
