Notices of Claim No. A72-00081, A72-04223 & A72-10346
Change of Address

Dear Claimants,

IDWR has been notified the address presently in our claim records is incorrect. Although we have reached you at the address above, we need you to confirm this is your correct mailing address. Future notices related to your SRBA claim can be sent only to the address on your claim or as otherwise changed by you. The staff of this agency must avoid relying upon the word of others about your mailing address.

If the address above is correct, please sign your name at the bottom of this letter, and return it to this office. Otherwise, please make the proper corrections, sign, and return this letter. Thank you for your help. We hope to assure that you receive future notices about SRBA matters.

If the ownership of the property to which the water right(s) referenced above apply has changed, please call this office toll-free at 1-800/451-4129 to obtain a form to make this required change to the claim record.

Sincerely,

Adjudication Bureau Staff

RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.** The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by **May 1, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

Steve Clelland,

Sorry this has taken so long. The
(Watson Berry) promised this to me
after Christmas, he just didn't say
by Christmas.

Watson Berry was born and raised
Challis so he knows this area pretty
well. He told me over the phone he
to buy hay from the ranch across
street from this property when he
a kid and that this property
irrigated pasture then.

If this isn't enough we will try
get more from him.

Sincerely
Mrs G. Byle

The rate per acre calculations are based upon a 300 foot run at a 2% slope. An 8 hour set time was also used. Individual graded border evaluations, soil characteristics work sheets, and peak irrigation diversion requirement work sheets have been created and archived separately for each soil type.

Where actual rotation is shorter than the optimal rotation, optimal rotation is the criteria to be used for the recommendation analysis and, therefore, the rotation percentage adjustment is not necessary. The rate becomes the acres per soil type times the rate per acre from the above chart.

RE: PROOF OF PRIORITY REQUEST

DATE 12-16-92 11:45am

NAME OF PARTY

PAM PYLE

I returned her call.

I explained we needed info convincing us (proof for the court) that the water was indeed used as claimed. Affidavits are acceptable and usually the more detailed the ~~a~~ better the proof.

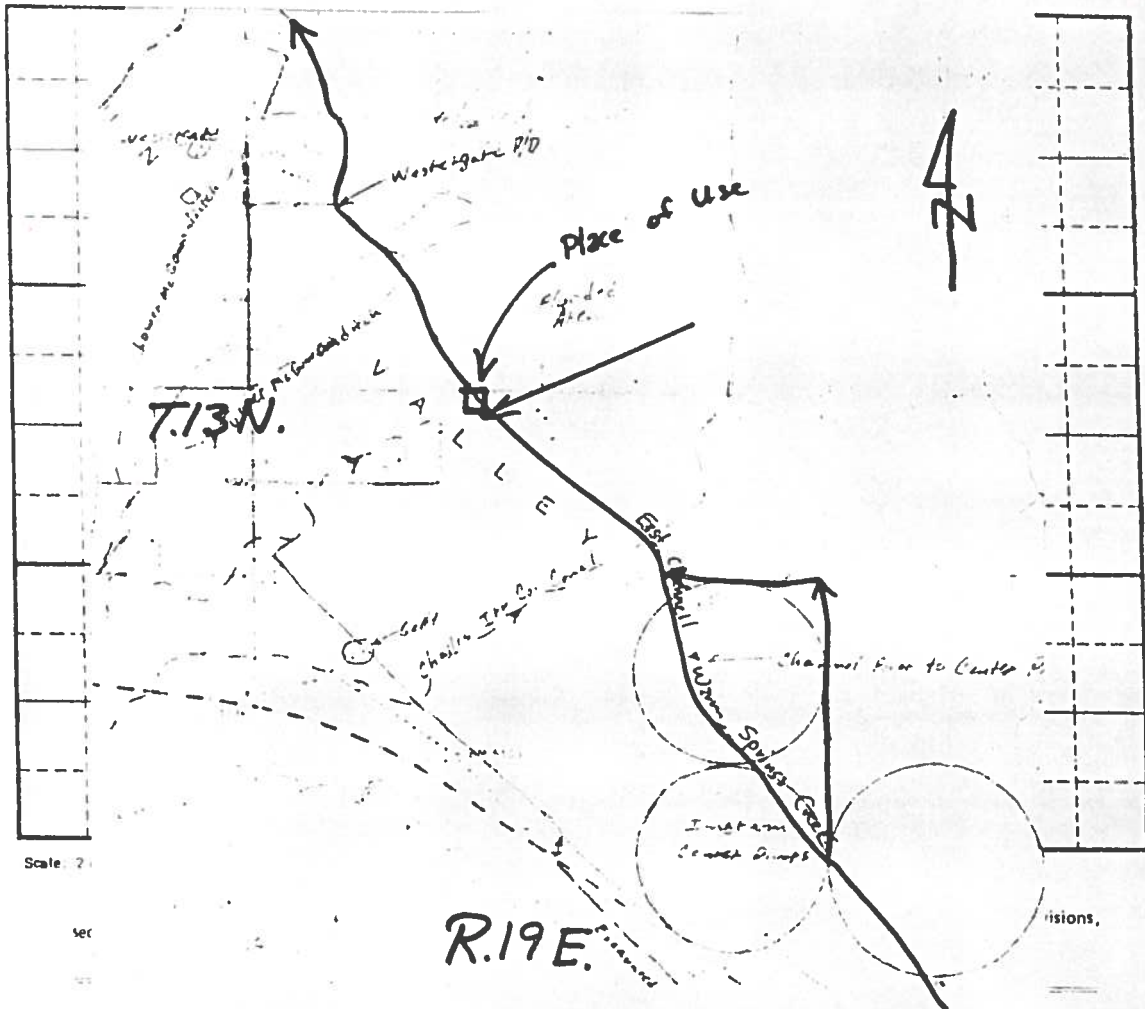

She had bought the property from Toerpe's who had let the place go into disrepair. They are bringing the system back into operation.

I told her to respond ASAP but may have up to 9 months.

In past thru summer months water thru Warm Springs Creek was mainly due to overflow from Challis Irrig. Co. Canal. This water was used to irrigate. Since earthquake in 1983 Warm Springs Creek has increased its discharge and water may be available year-round in this reach of the creek. Thru winter months water has been used for stockwater.
