AGREEMENT

This Agreement is entered into effective the 21st day of January, 2011 by and between W&H Limited Liability Company, an Idaho limited liability company ("W&H") and Gregory Obendorf and G.O. Investments, LLC a Colorado limited liability company (collectively "Obendorf") to resolve pending disputes between them concerning the use of water and water delivery facilities.

RECITALS

- A. W&H owns real property in Canyon County, Idaho adjacent to the Boise River more particularly described in Exhibit A hereto. ("W&H Property")
- B. W&H has filed certain claims in the Snake River Basin Adjudication ("SRBA"), including Amended Claim No. A63-32910 claiming 4.60 cubic feet per second ("cfs")/45 acre-feet per annum ("AFA") from a drain known locally as the Baldridge and Meadows Drain ("Drain") for year-round wildlife, wildlife storage and stock water purposes with a claimed priority date of January 1, 1970 (the "Wildlife Claim"). W&H also has filed late claims A63-33354 claiming 1.55 cfs from the Drain for stock watering with a claimed priority date of March 13, 1944, and Claim A63-33361 claiming .05 cfs from the Lower Haas Ditch for stock watering with a claimed priority date of March 13, 1944 (the "Stock Water Claims").
- C. W&H also has filed an Application for Permit No. 63-32458 ("W&H Application") with the Idaho Department of Water Resources ("IDWR") seeking to appropriate an additional 4.6 cfs/78.8 AFA of water for year-round wildlife purposes from the Drain with a priority date of September 12, 2006 for delivery to the W&H Property via the Upper Haas Ditch via a headgate and control works located on the Obendorf property ("Upper Haas Headgate").
- D. W&H also holds decreed water right Nos. 63-02611A and 63-02611B, each with a priority date of March 13, 1944 for 2.28 cfs for irrigation purposes diverted and delivered from the Drain via the Upper Haas Headgate and Upper Haas Ditch.
- E. W&H also holds water right Permit 63-12601 with a priority date of August 24, 2000 for 0.2 cfs/20AFA for year-round wildlife purposes diverted and delivered from the Drain via the Upper Haas Headgate and Upper Haas Ditch.
- F. The above-described water rights, including applications for permit, permits, licenses, claims and decrees, belonging to W&H are collectively referred to herein as the "W&H

Water Rights.” W&H also owns shares in the Haas Ditch Company for irrigation from the Lower Haas Ditch that are not the subject of this Agreement.

G. Obendorf owns real property adjacent to the W&H property, more particularly described in Exhibit B hereto (“Obendorf Property”), and has filed an Application for Permit No. 63-32460 with IDWR seeking to appropriate 6 cfs/40 acre-feet of water from the Drain with a priority date of April 5, 2005 for wildlife uses from the Upper Haas Headgate and using the Upper Haas Ditch on the Obendorf Property, and an Application for Permit No. 63-32459 seeking to appropriate 24 cfs from the Boise River with a priority date of April 5, 2005 for delivery through the Lower Haas Ditch for wildlife uses (the “Obendorf Applications”). Obendorf also has other water rights, including without limitation, from the Riverside Irrigation District and the Haas Ditch Company, that are not the subject of this Agreement.

H. Obendorf also desires to obtain a water right for the same purposes and in the same quantity as sought in Application for Permit 63-32460 to be diverted and delivered to storage and wildlife purposes from March 1 through November 15 from the Upper Haas Headgate and using the Upper Haas Ditch on the Obendorf Property. A copy of Obendorf’s proposed new permit application is attached hereto as Exhibit C. Obendorf may also desire to obtain a water right for the same purposes as sought in Application for Permit 63-32459 to be diverted from the Boise River for delivery through the Lower Haas Ditch for wildlife uses from March 1 through November 15.

I. Obendorf also intends filing: 1) a SRBA claim for a water right for wildlife and wildlife storage purposes using water diverted from the “Meadows Drain,” a tributary to the Drain, to be delivered to existing ponds on the Obendorf Property lying south of the Lower Haas Ditch, which water right would not be diverted or delivered from the Upper Haas Headgate or Upper Haas Ditch; 2) a SRBA claim for a water right for irrigation of ten acres of the Obendorf Property lying south of the Lower Haas Ditch using wastewater diverted directly from lands owned by Obendorf lying south and west from the Drain; and 3) a SRBA claim for a water right for irrigation of twelve acres of the Obendorf Property lying on both sides of the Lower Haas Ditch using water from the Drain diverted at the Upper Haas Headgate and delivered through and from the Upper Haas Ditch on the Obendorf Property. Copies of the above-described proposed SRBA Claims are attached hereto as Exhibits D, E and F respectively (the “Obendorf SRBA Claims”).

J. W&H has filed an Objection in the SRBA to IDWR’s recommendation of disallowal of its Wildlife Claim. Obendorf has filed a Response in the SRBA supportive of IDWR’s recommendation of disallowal of the Wildlife Claim and the matter currently is set for trial.

K. W&H has protested the Obendorf Applications and notified IDWR that Obendorf currently has no consent from W&H to use the Upper Haas Headgate or Upper Haas Ditch to deliver water to the Obendorf property. Obendorf has protested W&H’s Application for Permit No. 63-32458 raising as an issue, among other things, that W&H does not have an easement to

use the Upper Haas Headgate and Upper Haas Ditch to deliver the water sought by the Application.

L. W&H and Obendorf wish to resolve these various disputes between them concerning water use and use of the Upper Haas Headgate and Upper Haas Ditch on terms set forth herein,

M. The general locations of the various drains and ditches are described in Exhibit G hereto.

NOW THEREFOR, in consideration of the recitals, terms, covenants and conditions set forth herein, the parties agree as follows:

1. W&H and Obendorf will enter into a stipulated settlement by way of an SF-5 approved by IDWR allowing entry of a partial decree in the SRBA of the Wildlife Claim providing that the combined diversion rate for wildlife and stock water purposes under the Wildlife Claim and stock water claim A63-33354 is 4.6 cfs/45 AFA, and including language in substantially the following form subordinating the priority of the Wildlife Claim to the priority of Application for Permit No. 63-32460 when there is not a sufficient flow of water in the Drain to fully satisfy both:

This water right shall be subordinate to Water Right No. 63-32460. When the quantity of water necessary for the authorized beneficial use under Water Right No. 63-32460 is not available to be delivered from the source of this water right, diversions under this water right shall be limited to the extent required to supply the authorized beneficial use under Water Right No. 63-32460.

2. Obendorf shall not object to IDWR's recommendations and the SRBA's approval and partial decree of the Stock Water Claims, provided that W&H will reduce the quantity claimed for stock water under its late claim A63-33354 to 0.05 cfs, which, when combined with the Wildlife Claim, shall be limited to a total diversion rate and volume from the Drain of 4.6 cfs/45 AFA.

3. W&H shall file appropriate documents with IDWR to withdraw its protests to the now pending Obendorf Applications subject to IDWR approval consistent with the terms and conditions herein specified, and agrees not to protest the proposed applications described in Recital H above, including, without limitation, Exhibit C hereto. W&H's protest withdrawals will specifically state that a permit may be issued pursuant to such application for water right No. 63-32460 to Obendorf for 6 cfs/40 acre-feet, with a source of the Drain diverted at Upper Haas Headgate and delivered through the Upper Haas Ditch on the Obendorf Property as provided herein, and such Permit No. 63-32460 and any subsequently issued license of same, may

expressly recognize the subordination of W&H's Wildlife Claim described in Section 1 above to Permit No. 63-32460.

4. Obendorf may file the new application for permit shown in Exhibit C hereto, and provided that any permit issued has a priority date junior to September 12, 2006, W&H will not protest the new application. Obendorf may also file an Application for Permit for a water right for the same purposes as sought in Application for Permit 63-32459 to be diverted from the Boise River for delivery through the Lower Haas Ditch for wildlife uses from March 1 through November 15.

5. Obendorf may file the Obendorf SRBA Claims and, provided such SRBA Claims are recommended in substantial conformance with the elements contained in the attached Exhibits D, E and F, W&H will not object to the Obendorf SRBA Claims.

6. Obendorf will withdraw its protest to the W&H Application, subject to IDWR approval consistent with the terms and conditions herein specified.

7. Obendorf and W&H agree to share equally the cost of design and construction of any new measuring and/or control structure(s) that may be required by IDWR to allow the Watermaster to measure and deliver their respective water rights from the Drain at the Upper Haas Headgate. Upon the request of either party, one or more structures shall be designed and constructed after IDWR consultation, and as applicable, after approval from IDWR and/or U.S. Army Corps of Engineers, to allow W&H and Obendorf to accurately measure and confirm that they each are getting their authorized quantities from the Upper Haas Ditch. If IDWR recommends that accurate measurement can be obtained using only one structure, the parties will share equally in the costs and design of that measurement structure. If separate structures are recommended by IDWR for the parties' respective diversions from the Upper Haas Ditch, then W&H and Obendorf will be solely and individually responsible for designing and constructing all such measurement structures at any points measuring delivery of their individual respective water rights.

8. Obendorf agrees to take appropriate steps as necessary to ensure that the existing roadway by which W&H accesses the Upper Haas Headgate is not made impassable due to flooding or seepage resulting from Obendorf's use of water diverted at the Upper Haas Headgate.

9. Obendorf confirms W&H's existing right-of-way for the Upper Haas Headgate and the Upper Haas Ditch located on the Obendorf Property and W&H's continued right of access thereto for operation, maintenance, repair and replacement of same for delivery of water to the W&H Property under the W&H Water Rights described in this Agreement, and W&H confirms Obendorf's continued right of access to the Upper Haas Headgate and Upper Haas Ditch for the construction, operation, maintenance, repair and replacement of Obendorf's portion of the Upper Haas Headgate and Upper Haas Ditch for delivery of water to the Obendorf Property under the various Obendorf water rights, applications, permits and claims described in this Agreement.

10. W&H and Obendorf shall endeavor in good faith to implement this Agreement and shall not encourage or assist any third party in undertaking any action that either of them would be precluded from taking themselves by way of this Agreement.

11. This Agreement may be recorded by either party or produced by either party in any proceeding before the SRBA or the IDWR to confirm the parties' intent with respect to the processing of the water right claims and applications that are the subject hereof.

12. All of the obligations and covenants contained herein shall be binding on the parties hereto and their respective principals, members, managers, agents, employees, representatives, successors and assigns.

13. Each party will bear their own attorney fees and costs with respect to proceedings regarding the water right applications and/or SRBA claims that are the subject of this Agreement.

14. In the event of a breach of this Agreement by any party, the non-breaching party shall have all remedies available at law or in equity, including injunctive or other equitable relief. In any suit, action or appeal therefrom to enforce or interpret this Agreement, the prevailing party shall be entitled to recover its costs incurred therein, including reasonable attorneys' and consultants' fees and disbursements, and also including reasonable attorneys' fees and costs and fees associated with any appeal of a judgment.

15. This Agreement may be executed in any number of counterparts for the convenience of the Parties, all of which, when taken together and after execution by all Parties hereto, shall constitute one and the same Agreement
