Re: Coeur d'Alene-Spokane River Basin Adjudication Claim (CSRBA) Claim No. 95-14649

Dear Mr. LeClaire:

Idaho Department of Water Resources (IDWR) has completed initial processing of your CSRBA claim numbered 95-14649. A copy of the claim, as completed by Lynn Kerns, and a map are enclosed.

There are several items on the claim which need more explanation. They are: item 2 - date of priority, item 3 - source of water supply, item 4 - location of point of diversion and item 9 - place of use.

In regard to the priority date (date of first usage); the claim shows two homes. Were both of the homes there in 1931 and do you own both of them? If both were not there, you may want to change the priority date to the date that the last home was added so both could be included on the same claim, or file a separate claim for the second home with the later priority date. Item 3- please fill in the source of water supply; groundwater for a well or cistern, or surface water for a spring, stream, lake; whatever the case may be. Finally, items 4 and 9, locations of point of diversion and place of use. The claim shows Township 51N, Range 2W, Section 5; however, the deed indicates that it should be Township 49N, Range 2W, Section 5.

Please make the corrections or additions on the enclosed Notice of Claim, and return to my attention, by March 21, 2014. If you have any questions I can be reached at (208) 762-2802 or email at linda.werner@idwr.idaho.gov.

Respectfully,

Linda A. Werner
Water Resource Agent
