RE:

USFS OBJECTIONS

1. 72-04076 Petersen – POU is incorrect, appears to be an error in the original claim and I agree it was not right; I missed the correction in the Dir. Rpt. POU should read T19E not T18E.
2. 72-07044 Barrett – discrepancies about the mapping location in an unsurveyed area. Seems the US Govt has altered the possible mapping in the area. He plans to bring by some maps in the afternoon of 11/24.
3. 72-07050 Grouse Creek Mining – Licensed right and recommendation same as Lic. Report from USFS is the houses no longer exist. I am willing to view the info provided.
4. 72-10488 – Thompson Creek; this is the irrigation from the Holman Ditch system upstream from the mouth of Thompson Cr. They have replaced it with a well. I have no notice of this and it occurred after our fieldwork. It would have to have Transfer filed to be legal. (After the phone call, I found the reference to a Trans. #5530; dated 8/99.)

She wanted to see what I had found on the claims we had discussed during our NOE meeting in Challis... she had received the claim 72-07424 but not the 72-07014. I told her the recommendation for 7014 and the differences from the claim. Only use found was a domestic use; ½ acre irrig., stockwater and other small uses assoc. with the lot and shop. If they have further evidence I need to see feel free to send it in ASAP. She would discuss it with her husband. She was satisfied with everything else. Claims: 72-07044, 72-07423, 72-07424 & 72-07014.
