Ken,

Mr. Pickard claimed 0.08 cfs for domestic use on 94-7151. However, license 94-7151 is limited to 0.04 cfs, even though the field examiner measured 0.05 cfs. The original permit was for two homes, but 94-7151 is only for one home. If he wants to pursue the higher diversion rate, he will need both claims.

On January 15, 2009, Irma and John Picard filed a claim on-line based on license 94-7151 and paid \$25 (T087956). On June 14, 2010, we received a claim in the mail from John and Irma Pickard based on license 94-7151 and paid \$25 (N024913). On February 8, 2012, I wrote a letter to Mr. Pickard inquiring about the possibility that he filed twice on the water right. I received a phone call from Mr. Pickard that he did file twice. I see that we assigned a number to the mailed claim of 94-8671. I suggest that we refund Mr. Pickard \$25 and delete water number 94-8671.

Re: 94-7151

It appears that you have filed twice on the same water right. On January 21, 2009, you filed a claim for domestic use from a well. On June 14, 2010, you submitted a claim for domestic use from a well.

Sincerely,
