**IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS**

Water Right/Subcase No. 95-16775 + 16776

AFFIDAVIT OF HEATHER STEIN BOWLBY

STATE OF IDAHO)
) ss:
COUNTY OF Boone)

1. I am the Claimant for water rights out of the Coeur D'Alene Lake and for groundwater and own the real property located at T49N, R3W, Section 3, NESE ("the property"). The property totals approximately 1 acre. I make this affidavit based upon my own personal knowledge and belief of the facts contained herein.

2. My husband and I purchased the property in 2000. We purchased the property from Oscar Stienley. At that time Mr. Stienley had an irrigation pump located at the end of the dock that pumped water from the lake onto the property for watering the lawn and trees.

3. Attached hereto as **Exhibit A** is a picture that shows the pump at the end of the dock. The picture was taken around 19²⁰⁰⁰_____. *HSB*

4. We have since replaced the pump but have continue to water the lawn and trees on the entire property from the Lake.

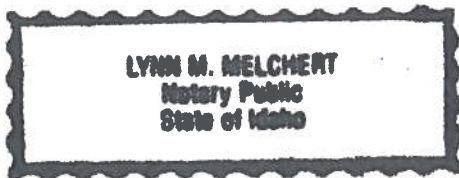

5. Also when we bought the property, we were aware that there was a shallow well located on our neighbor's property. This well used to provide drinking water to our property and I understood it was also used to irrigate the property in some years. We last used the shallow well in 2005. The pipes and system remain in place as a back-up system for domestic or irrigation use to supplement the lake water if needed. This shallow well is shared with our neighbor pursuant to a well agreement that has been in place since 1948.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Hi Candice,

I found some deeds of ownership that went back to the 20's-30's. However, no information on water use.

Dear Stanley, the owner previous to us, indicated the pump at the end of the dock had been in place since the 40's-50's. First for fire protection, then for irrigation. We have since replaced the pump and the dock. (Maggie, the dog, is now in Dog Heaven).

Sincerely,
Robert
