RE: Robert C. Hammond's Notices of Claim to a Water Right

Dear Mr. Foster:

The Idaho Department of Water Resources (IDWR) is returning your check #44665 (\$865.00) and Robert C. Hammond's Notices of Claim to a Water Right because of insufficient fees. All items on the notices must be correctly completed and fees submitted before the IDWR can process the claims.

Please correct the items identified below and return the forms to the IDWR, Southern Regional Office, before the Custer County filing deadline, January 12, 1990. Failure to return the notices before the deadline may result in an assessment of an additional \$50.00 late-fee for each notice.

- The fees for each notice are as follows:

A72-07039	\$70.00 (\$50.00, plus \$20.00 cfs-fee for commercial purposes).
A72-04041	\$155.00 (\$50.00, plus \$105.00 acreage-fee for 105 irrigated acres).
A72-10139	\$50.00 (Acreage fee paid on A72-04041).
A72-10140	\$610.00 (\$50.00, plus \$540.00 cfs-fee for commercial purposes, plus \$20.00 cfs-fee for heating purposes).

The total fee for the four notices is \$885.00.

Please return the notices and filing fees to the IDWR, Southern Region, 2148 4th Ave. East, Twin Falls, ID 83301, since they will be reviewing the notices filed in the Challis area.

RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by May 1, 1992, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

RE: SRBA Claims A72-10139, A72-04041, A72-11734,
and A72-10140

Dear Mr. Merritt: *see*

You wrote to us on March 2, 1992, requesting evidence supporting the claimed priority dates of the above listed claims. As you can well imagine, such information is not easy to come by.

This Challis Hot Springs property has been in a single family since it was first homesteaded in 1883 by Robert Beardsley. We have been able to discuss the information available to the family and secure an affidavit from its oldest living member, Mrs. Mildred Kimpton. We are enclosing her original affidavit with this letter. We are still searching for other documentation, but have so far been unable to locate anything more than what is enclosed.

Yours very truly,

Kent W. Foster

AFFIDAVIT OF MILDRED KIMPTON

STATE OF IDAHO)
) ss.
County of CUSTER)

RECEIVED

JUL 18 1992

Department of Water Resources
Southern Region Office

MILDRED KIMPTON, being first duly sworn, on her oath
deposes and says:

I.

I was born August 21, 1908, the daughter of John Hammond
and Isabella Halloran Beardsley Hammond. My mother was born in
1888, the daughter of Robert Currie Beardsley and Eleanor
Frances O'Halloran Beardsley.

II.

My grandfather, Robert Currie Beardsley, was born in New
Brunswick, Canada. He and his brother, Albert, came to Idaho
when they were young men. In 1883, Robert Beardsley settled on
the land where Challis Hot Springs (formerly Beardsley Hot
Springs) is located and filed homestead papers in the Alturas
County Courthouse in Hailey. He began at that time to farm and
to develop the Hot Springs as a resort for swimming and
bathing. In 1884, Robert visited the Exposition in New Orleans
where he met Eleanor Frances O'Halloran. In 1886, he returned
to New Orleans where he and Eleanor were married. They then

MICROFILMED
NOV 01 1994

returned to Challis and the homestead at the Hot Springs. Two children, Ralph Dibble Beardsley and Isabella Halloran Beardsley, were born to this union. In April of 1888, my grandfather was drowned in the Salmon River and was buried on the hill above the Hot Springs.

III.

After my grandfather's death, my grandmother continued to operate the farm land and the resort. She eventually married John Kirk in 1892. The patents to the property were issued in 1903 to John Kirk and 1909 to Eleanor Kirk and were recorded in March of 1914. Copies of the patents and a copy of an advertisement for the Hot Springs, printed in 1914, are attached hereto. My grandmother resided there until her death. Various members of the family have resided at and operated the Hot Springs resort over the years. My brother, Robert Beardsley Hammond, sold the Hot Springs resort to my nephew, Robert C. Hammond, in 1971.

IV.

I was married to Charles Boge in 1927. In 1929, my grandmother, Eleanor Kirk, engaged my husband, Charles Boge, to build a small power dam, which I watched him do during that summer and early winter. My father, John Hammond, also assisted with the construction of the ditch which provided

MICROFILMED
NOV 01 1994

water from the pond created by the dam to a direct current power plant.

V.

I have been very familiar with the Hot Springs and the use of water from the springs during my entire life.

DATED this 2nd day of July, 1992.

Mildred Kimpton
MILDRED KIMPTON

STATE OF IDAHO)
) ss.

THE UNITED STATES OF AMERICA,

To All To Whom These Presents

Hailey, Idaho.

Shall Come, WRITING:

WITNESSE, ELEANOR F. KIRK has deposited in the General Land Office of the United States a Certificate of the Register of the Land Office at Hailey, Idaho, whereby it appears that full payment has been made by the said Eleanor F. Kirk, according to the provisions of the Act of Congress of the 24th of April, 1920, entitled "An Act making further provision for the sale of the Public lands," and the acts supplemental thereto, for the northwest quarter of the northwest quarter of Section twenty-five in Township fourteen north of Range nineteen east of the Boise Meridian, Idaho, containing forty acres, according to the Official Plat of the Survey of the said lands, returned to the GENERAL LAND OFFICE by the Surveyor General, which said Tract has been purchased by the said Eleanor F. Kirk:

NOW KNOW YE, That the UNITED STATES OF AMERICA, in consideration of the premises, and in conformity with the several Acts of Congress in such case made, and provided, HAVE GIVEN AND GRANTED, by these presents to ELEANOR F. KIRK, unto the said Eleanor F. Kirk and to her heirs the said Tract above described; To HAVE AND TO HOLD the same, together with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, thereunto belonging, unto the said Eleanor F. Kirk and to her heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local custom, laws, and decisions of courts, and also subject to the right of the proprietor of a vein or lode to extract and remove ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law; and there is reserved from the lands hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States.

IN TESTIMONY WHEREOF, I, William H. Taft, President of the United States of America, have caused these letters to be made Patent and the seal of the General Land Office to be hereunto affixed.

GIVEN under my hand, at the City of Washington, the EIGHTH day of July, in the year of our Lord one thousand nine hundred and nine and of the Independence of the United States the one hundred and thirty-fourth.

This form is used to report the stipulated elements of one water right acquired under state law and/or one federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

The parties and IDWR agree and stipulate that the elements of this water right should be described per the attached. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.

Reference: Claim 72-10140
72-11734
72-10139
72-04041

Dear Sir,

The following evidence is offered by Robert Charles Hammond. I am the fourth generation owner of the Challis Hot Springs, formerly known as the Beardsley Hot Springs, Challis, Idaho.

I was born on October 15, 1932 in Salmon, Idaho. My father was Robert Beardsley Hammond, the first son of John and Isabella Hammond. Isabella was the only daughter of Robert Currie Beardsley born on March 28, 1888 at the Beardsley Hot Springs, east of Challis, Idaho.

My early childhood years were spent at the Beardsley Hot Springs with my mother and father who operated the business at various times for my Grandmother. My father was a school teacher and athletic coach at both Mackay and Challis High Schools in Custer County.

In 1971, my wife, Lorna and I purchased the Challis Hot Springs from my parents. We hired various managers until the spring of 1992 when we moved from our Idaho Falls home into the original hotel/home at the Springs.

My great-grandfather, Robert Currie Beardsley was born on March 27, 1840 in Woodstock, New Brunswick, Canada. As a young man, he was reported to have gone to Copperopolis, California to work in the mines. From there he moved to Challis, Idaho, most likely feeling there was more opportunity for him.

On September 28, 1880, Robert Currie Beardsley filed claim on the Beardsley Hot Springs property and to all the water from the springs within the area described in the filing. This claim is supported by a certified document attached to this statement. The Custer County Clerk, Ethel Peck, certified the copy taken from the ledger.
(See Exhibit A)

Page 2

Claim No.s 72-10140, 72-11734, 72-10139 & 72-04041

As a child back in the latter part of the 1930's, I was fascinated by the stories my Grandmother Isabella told of how "Mr. Bob" had planned and created the hot pools as they still are today. Teams of horses pulling a hand held scraper were used to excavate the subterranean pools. The men could only work the teams in short shifts because of the hot water as it had a tendency to soften the horses' hooves. After adequate rest that allowed the hooves to regain the proper hardness, the work would resume and more excavating would be done. This slow, methodical procedure took many months to complete. One of the workers on the project was a miner named Dodo Smith. This account was told to my grandmother by her mother and other old timers that helped in the construction of the pools.

When the excavation was complete, then the building of the rock walls creating the large rectangular pools began. Rocks had to be hauled by team and wagon from the near-by hillsides to the site. There are many springs around on the place that had to have the rock walls built around them as well as the two large pools. Large rocks are used to create the proper water level of the "control pool" between the two walled pools. All this work and the pools were completed in 1883.

During this same time, construction of the hotel/home was begun. Mr. Bob installed a saw mill on site to cut the timber to build the buildings to cover the pools and for the big house. As the large home progressed, wooden flumes were built to transport the hot water from the springs over by the pools to the house. The hot water comes from the same area even today and is used for drinking (cooled down—or not if you want a fast cup of tea!). It is used still for domestic and for heating.

In 1884, Mr. Bob traveled to New Orleans, Louisiana to visit the Cotton Centennial Exposition where he met Eleanor Francis Halloran. He was a visitor in their home while in the city and was so impressed with Miss Eleanor that he returned within a year to ask her to marry him. They were married in the large Methodist Church on Canal Street in New Orleans. Mr. Bob returned to Idaho with his lovely bride to create their home on the banks of the Salmon River at what he had named: The Beardsley Hot Springs Hotel and Resort.

In 1887, a son was born to them, named Ralph. Then in 1888 on March 28th was born a little girl, whom they named, Isabella. This little girl grew up to become my grandmother. She was always very proud to say that she was born at the Springs.

Page 3

Claim No.s 72-10140, 72-11734, 72-10139 & 72-04041

This loving family was soon to be shattered by tragedy. On May 30, 1888, when Isabella was only two months old, Mr. Bob was drowned while trying to ford the Salmon River during high water. He drove a good team of horses and had a fine buggy. Mr. Bob was a large, strong man and since fording rivers in those days was considered a common occurrence I am sure he thought nothing of it as he plunged into the stream. The spring runoff from the mountains had begun and as a result, he was no match for the mighty Salmon River. He was swept by the strong current over to the bank but he could not grasp anything to pull him to safety, nor could anyone on shore reach him.

His body was found a few days later. As he had previously requested, he was carried up the steep hillside back of the house and was buried on the far east boundary of the property overlooking the wonderful resort he had created. The Ketchum Keystone newspaper reported the incident dated 2 June 1888. It amused me that the reporter referred to Mr. Bob as an "old timer" (at 42 years of age) who was well respected by all. (See Exhibit B)

In 1892, Mr. Bob's widow, Eleanor, met and married an Irish miner named John Kirk. John was born on September 23, 1848 in Limerick, Ireland.

On November 28, 1893, twin boys were born at the Beardsley Hot Springs. They were John and Phillip Kirk. Unfortunately, Phillip was killed in France during World War I. The local American Legion post is named the Phillip Kirk Post in honor of their son.

On August 1, 1896, Mary Violet was born to the Kirk family at the Beardsley Hot Springs. She brought happiness to all who knew her and could handle any situation.

On April 17, 1898, Eunice Francis Kirk was born also at the Hot Springs. All her life she carried the beauty and grace of a genteel southern lady.

In the October 3, 1899 Challis Messenger carried this ad: "For rent: The Beardsley Hot Springs near Challis either for one or a term of years. Apply, Mrs. E. F. Kirk, Challis, Id." (See Exhibit C)

In 1907 on the front page of the Silver Messenger as it was actually called then was the full account of the wedding that occurred at the Beardsley Hot Springs. Mr. John Hammond took Isabella Beardsley for his bride that day. This couple became my grandparents. (See Attached Exhibit D)

Page 4

Claim No.s 72-10140, 72-11734, 72-10139 & 72-04041

In another article from the paper which we have included simply for the humor: "August 4, 1908 Challis Messenger: Bathing parties are now quite popular at the Beardsley Hot Springs since the arrival of the new bathing suits. There is nothing out of the way for, world over, at all the bathing resorts, men, women and children bathe together with bathing suits." (See Exhibit C-2)

On August 21, 1908, my father, Robert Beardsley Hammond and his twin sister, Mildred were born. Mildred loved to entertain the family of the stories of mischief those twins caused their mother and Grandma Kirk.

On August 12, 1912, Grandma Kirk's beloved husband of 20 years died. John had suffered terribly with arthritis.

On March 2, 1914, Mrs. E. F. Kirk recorded Homestead Certificate No. 1086 for Lot Number One Section Twenty-six in Township Fourteen, North Range Nineteen East of Boise containing sixty-four acres and twenty hundredths of an acre. On the same day, she also recorded patent number for the Northwest Quarter of the Northwest Quarter of Section Twenty-five in Township Fourteen North of Range Nineteen East of the Boise Meridian, Idaho containing Forty Acres. (See Exhibit E)

In 1925, the Beardsley Hotel which had undergone some additions already, had a large lobby added to the front of the home. Later that same year it was advertised in the paper that the public was invited to attend a dance at the Springs at which the Challis Band would play. Aunt Eunice and Uncle Frank Cummins were leasing the Springs from Grandma Kirk at this time. (See Exhibit C-3)

In 1929 my Aunt Mildred and her husband, Charles Boge operated the Hot Springs for Grandma Kirk. My first cousin, Charles Robert Boge was born in the room at the Hot Springs that is our master bedroom today. Dr. Boge is a retired Orthopedic Surgeon living in Idaho Falls. It was in 1929 that Charles Boge, Sr. built the hydroelectric power dam referred to in Claim No. 72-11734. A canal was constructed to carry water to the northwest from the dam to a power plant on Hot Springs Creek very near the large home. As a small child, I can remember accompanying my father to the power plant. His first step was to clean the moss from the screen that channeled the water into the turbine because if the screen became clogged with moss the turbine would slow and the lights would dim, as this was a direct current plant.

Page 5

Claim No.s 72-10140, 72-11734, 72-10139 & 72-04041

Dad's next duty was to grease the bearings on the turbine shaft. Those tasks completed, he would allow me to look for trout in the mill discharge. Often we could see 3-5 pound rainbow trout. In the late 1930's, the power plant caught fire and burned to the ground. The power dam remained for a number of years as a recreational and fishing pond. Conditions for trout to grow are ideal. After 1950 my father allowed the pond to go dry. He did not have the resources to rebuild the overflow and head gate to hold the water.

To support Claim No. 72-10139 attached is a map dated 3-66. It was the first record of a Soil Conservation Map prepared for my father, R. B. Hammond. Note the two parcels of 12.8 (Item 7) acres and 10.5 (Item 5) acres. (See Exhibit F)

In 1977, I used a large dozer and hydraulic hoe to restore the depth of the pond. We also built a new concrete head gate and fish ladder. The head gate allowed us to store water for irrigation for the acreage stated in the Claim No. 72-04041. To support Claim No. 72-04041 for acres to irrigate: Note Item 8 of 2.2 acres and Item 9 of 16.7 acres. The fish ladder allowed the large fish to come up to and pass into the dam for spawning purposes. The water we use now to irrigate is on the acreage adjacent to and north of the dam.

After we purchased the Springs in 1971, we began a general improvement plan for the resort. New sewer system was installed. Asphalt paving was built around the pool parking area and the campground. In 1979 the hotel/house was taken completely back to the logs and renovated. The old house was so sound and the logs in such good condition that our carpenters were impressed. They did find evidence in the walls of the two fires that had threatened the home.

One was reported in the Challis Messenger on February 23, 1909 and one occurred when my father was starting the fire in the kitchen stove early in the morning in the late 1950's. Had he not ignored his own injured chest which had been burned, and moved very fast getting water from the creek outside the back door, the house would have been a total loss as the volunteer fire department is at best 20 minutes away. (See Exhibit C-4)

Another carpenter was putting in new floor in the dining room in 1997, he too marveled at the fine craftsmanship of the structure and of the dry sound condition of the oldest part of the present home.

My wife, Lorna, also found the reading glasses of what must have been Mr. Bob's wife, Eleanor. They were very old, intact, and neatly laid in a crevice between two logs in the wall of what had been their bedroom. Lorna said to me, "Bob, can't you see Grandma standing there watching the men work and someone asked for her help and she laid her

Page 6

Claim No.s 72-10140, 72-11734, 72-10139 & 72-04041

glasses in the only safe place she saw at the moment. We also found an old high-top buttoned shoe in the attic that had survived all the many house cleanings and remodel jobs.

After the renovation of the large home to restore a feeling the warmth and hospitality of New Orleans with wrought iron railings and latticed patio, we constructed an octagon room for the purpose of entertaining large private parties.

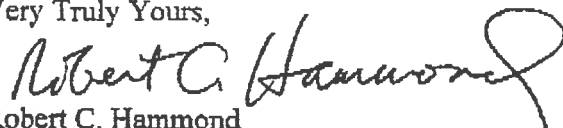

At that time we upgraded the grounds and pools with creek bank rocked up and new steps in the pools. The general configuration of the pools is never tampered with as we feel that Mr. Bob knew what he was doing so we leave the gravel bottom pools as they were over a hundred years ago. The artesian water rises to its 4' depth as he designed.

The old ditch that my great-grandfather built on the property currently exist for this same purpose.

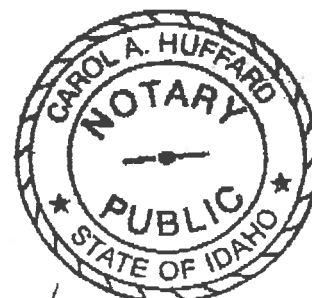

With reference to Claim 72-101039 this is the 20 acres referred to in the filings by my great-grandmother in 1914. All the ditches made before this date are in existence and are used to gravity irrigate the 20 acres. Currently, we pasture this ground and harvest a crop of hay when needed for our livestock. (See Exhibit F)

The evidence and history of the Bearsley Hot Springs overwhelmingly supports our Claims of 72-10140, 72-11734, 72-10139 & 72-04041. The chain of evidence and my own personal knowledge as a direct descendent gives a clear, concise and accurate record of the water history of the Beardsley Hot Springs now called the Challis Hot Springs.

Very Truly Yours,

Robert C. Hammond
President and 4th Generation Owner
Challis Hot Springs, Inc.

Carol A. Huffard
My commission expires
August 5, 2006.

Van Wormer, eloquently greeted with a large the occasion of her benefit at Albion, on which Van Wormer is well admired in Ketchikan. His sister, Miss Sara, has been engaged here, as a teacher in school.

He recently shod a horse for Superintendent of the Dickens-Custer mine, and was gratified to hear the miner pronounce it the best workman ever seen in that line. He is at his trade, and you will see that his hands are full of work.

The amount of merchandise coming from Gillette & Evans, is not to do a tremendous business this season, as they have received several carloads. They understand that they are a splendid wholesale and retail trade, and from the country, and from the fact they are very successful in their dealings generally.

will knock this dog in the manger scheme into a cocked hat. All reports indicate that Seafoam will be one of the liveliest camps on the coast. *Ketchikan Keystone*

Robert Beardsley Drowned

Robert Beardsley, a well-known old-timer of Custer county, was drowned on Wednesday, the 30th ult., while, in the act of driving a two-horse team across the Salmon river ford, about three miles below Challis. Persons were on the banks of the river in full view of the sad disaster, but were unable to rescue him from the surging stream. The water was high and the current proving too swift for his team carried the entire outfit down stream, soon drowning both driver and horses. His body was seen floating for half a mile, when suddenly it was caught by an under-current, turned over on the back, dashed beneath a pile of drift wood near the shore and lost sight of. Search was being made for the body when our informant started for Ketchikan but up to that time was unsuccessful. The deceased was owner of the Beardsley hot springs, near which he met his fate, and a widely known and respected citizen.

...a proposition, but I am in my opinion, as it carries too much lead. I think the whole camp, for that matter, a smelting proposition, although the surface croppings are of a free nature.

This week I expect to visit the Seafoam and the mines on Float creek, the canyon next below, and shall try and visit also the Baldwin and Bell properties on Baldwin creek, the canyon next above us. I expect in these visits to see the bonanzas of the camp, or else demonstrate the fact that this country has produced the greatest number and the biggest liars that ever lived.

Sheep mountain is but eight miles distant, easterly. Alex Kerr was over yesterday, and says that but for the scarcity of grass, it is quite accessible from this side.

This is an exceedingly hard country to prospect. The hills are very abrupt and comparatively free from grass and other hindrances, but with the exception of Float creek the ledges give forth no float. The majority of the mines already found lie along the ridges, high up and far from water. The formation of the country is lime and granite, with occasional dykes of porphyry. Timber is abundant—in fact, too

OFFICIAL PAPER

VOL. 26

CHALLIS, CUSTER COUNTY, ID.

Wedding Bells.

MARRIED.—At the Beardsley Hot Springs, on Wednesday, April 10th, 1907, Mr. John L. Hammond, of May, Idaho, to Miss Isabella H. Beardsley, of Challis, Idaho. Rev. A. J. Hoar performing the ceremonies.

This was a very pleasant wedding and the guests present were all relatives except Mr. and Mrs. Thos. Jose, who are very intimate friends of Mr. and Mrs. Kirk. In all about fifty guests were present. The wedding took place at the home of the bride, on April 10th, as stated above, at 12 o'clock, high noon.

The bride looked very beautiful. Her wedding gown was white silk trimmed with white applique, and wore a long white veil. The groom wore the usual conventional blue suit. The wedding march was played by Lady May Osborn. Miss Pearl Adams was first bridesmaid and Miss Kate Hammond acted as second bridesmaid. John Short was first groomsmen and Gilbert Hallaran second groomsmen. The bride carried a bouquet of Lily of the Valley flowers.

The bride is the eldest daughter of Mrs. John Kirk, and she was born and raised at the hot springs and received her education in the Challis schools. She is a charming young lady, and looked especially beautiful in her wedding gown. She is a very sunny disposition and has many friends.

Silver butter knife—Miss Genevieve Rodgers, Denver, Col.

Silver olive spoon—Jas. Christian and daughter, Dora.

Mount Mallick center piece—Miss Anna Fitch, New Orleans, and Lady May Osborn.

Silver set six pieces—Mr. and Mrs. Adams, Mr. and Mrs. Brown, Mr. and Mrs. Sweet.

Quilt—Mrs. Jas. VanCamp.

Quilt—Mrs. Baxter.

Silk quilt—Mrs. Hallaran.

Pair blankets—Mary and Eunice Kirk.

Shell toothpick holder—Edwin and Franklin Christian.

Oxidized silver cake stand—B. F. Hunt and D. Morris, of Ely, Nevada.

Check—Stacio Gracchi, of Bayhorse.

Check—John Padriani, of Bayhorse.

The MESSANGER extends its congratulations and best wishes May their lives always be as sunny as their wedding day.

EXTENSION - COLUMN II

county. The groom is an industrious young man of good habits and is a son of Mr. and Mrs. Wm. Hammond, of May.

The wedding ceremonies were very impressive. Immediately after the wedding a fine dinner was given, and three long tables were provided with the choicest kind of viands. One whole table was given over to the children, and it was crowded—a sight that would have pleased Teddy Roosevelt.

Shortly after dinner was over the newly married couple and the other guests from Pullman, Id. took their departure for their respective homes. The groom has a home prepared and a ranch near May.

Following are the presents received:

Wedding gown—Mr. and Mrs. Joseph Rodgers.

Point lace handkerchief—Mrs. Kirk.

Silver cold meat fork—Mr. and Mrs. L. H. Johnston.

Full set of silver knives, forks and spoons—Mr. and Mrs. Wm. Hammond.

6 pie plates—Ralph Beardsley.

Sugar bowl and cream pitcher—Hazel and Millie Brown.

Dinner set and toilet set—Geo. Starks.

6 sauce dishes and plate—John and Philip Kirk.

Cut glass pickle dish—Gilbert Hallaran.

Fan—Mrs. Keller, New Orleans, La.

Salt and pepper shaker—Mrs. Philip Hallaran.

Salt and pepper shaker—Mr. and Mrs. Wm. Waters.

Ebony toilet set—Wm. Hallaran.

6 solid silver teaspoons—Mrs. John Kirk.

Onyx plate—Mr. and Mrs. H. Nichols.

Cake plate—Mrs. D. Cameron.

Silver butter dish—Mr. and Mrs. John W. Stephens.

Glass cake stand—Mrs. Horn.

6 pie plates—Margaret Adamson.

4 cups and saucers—Mr. and Mrs. Thomas Jones.

6 tin fasteners—Geo. Bennetts.

THE UNITED STATES OF AMERICA,
To All To Whom These Presents Shall Come,

Greeting:

Homestead Certificate No. 1086.

Application 1536.

WHEREAS There has been deposited in the GENERAL LAND OFFICE of the United States a Certificate of the Register of the Land Office at Hailey, Idaho, whereby it appears that, pursuant to the Act of Congress approved 20th May, 1862, "TO SECURE HOMESTEADS TO ACTUAL SETTLERS ON THE PUBLIC DOMAIN," and the acts supplemental thereto, the claim of JOHN KIRK -----has been established and duly consummated in conformity to law, for the Lot Numbered Eight of Section Twenty-three, and the Lot Numbered One of Section Twenty-six, in Township Fourteen, North of Range Nineteen East of Bo Meridian in Idaho, containing Sixty-four acres and twenty+ hundredths of an acre. according to the Official Plat of the Survey of the said Land, returned to the GENERAL LAND OFFICE by the Surveyor General:

NOW KNOW YE, That there is, therefore, granted by the United States unto the said John Kirk the tract of land above described; To Have And To Hold the said tract of land, with the appurtenances thereof, unto the said John Kirk and to his heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local customs, laws, and decisions of courts, and also subject to the right of the proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law. And there is reserved from the lands hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States.

IN TESTIMONY WHEREOF I, Theodore Roosevelt, President of the United States of America, have caused these letters to be made Patent, and the Seal of the General Land Office to be hereunto affixed.

GIVEN under my hand, at the City of Washington, the seventeenth day March, in the year of our Lord one thousand nine hundred and three, and of the Independence of the United States the one hundred and two seventh.

THE UNITED STATES OF AMERICA,

To All To Whom These Presents

Hailey 0556.

Shall Come, GREETING:

WITNESSE,

ELEANOR M. KIRK has deposited in the General Land Office of the United States a Certificate of the Register of the Land Office at Hailey, Idaho, whereby it appears that full payment has been made by the said Eleanor M. Kirk,

according to the provisions of the Act of Congress of the 24th of April, 1920, entitled "An Act making further provision for the sale of the Public Lands," and the acts supplemental thereto, for the northwest quarter of the northwest quarter of Section twenty-five in Township fourteen north of Range nineteen east of the Boise Meridian, Idaho, containing forty acres, according to the Official Plat of the Survey of the said lands, returned to the GENERAL LAND OFFICE by the Surveyor General, which said Tract has been purchased by the said Eleanor M. Kirk.

NOW KNOW YE, That the UNITED STATES OF AMERICA, in consideration of the premises, and in conformity with the several Acts of Congress in such case made and provided, HAVE GIVEN AND GRANTED, and by these presents DO GIVE AND GRANT, unto the said Eleanor M. Kirk and to her heirs the said Tract above described; TO HAVE AND TO HOLD the same, together with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, thereunto belonging, unto the said Eleanor M. Kirk and to her heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local customs, laws, and decisions of courts, and also subject to the right of the proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law; and there is reserved from the lands hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States.

IN TESTIMONY WHEREOF, I, William H. Taft, President of the United States of America, have caused these letters to be made Patent and the seal of the General Land Office to be hereunto affixed.

GIVEN under my hand, at the City of Washington, the EIGHTH day of July, in the year of our Lord one thousand nine hundred and nine and of the Independence of the United States the one hundred and thirty-fourth.

By the President: Wm. H. Taft,

By H. W. Young, Secretary,

H. W. Sanford, Recorder of the General

Land Office.

Recorded: Patent Number 71094.

State of Idaho,
County of Custer, ss.

This instrument was filed for record at the request of Mrs. E. M. Kirk, at 4-45 o'clock P. M. March 2nd. 1914.

STATE OF IDAHO
COUNTY OF CUSTER 155
I hereby certify that the foregoing is a full
true and correct copy of the original on file
in this office.

Case No. 35976)

STANDARD FORM 1

OBJECTION RECEIVED

MAR 22 1999

INSTRUCTIONS

Department of Water Resources
Southern Region

This form must be used to file an objection to any water right recommended in the Director's Report. You may object to one water right per objection form. To object to more than one water right, you must file a separate objection form for each. The water right number you are objecting to must be indicated above in the blank space following "Case No." Forms may be obtained from the Idaho Department of Water Resources (IDWR), or you may copy or reproduce this blank form, as long as it is identical to the court's form. You must file your objection by the deadline shown in the notice that IDWR mailed to you. The objection must be received by the court on or before the deadline specified. Instructions for mailing this objection are found on Page 6, and must be strictly followed.

Any party physically filing 25 (twenty-five) or more objections must make an appointment with the Clerk of the SRBA Court no later than 14 days before the filing deadline to file their pleadings.

By filing an objection form, you are certifying that the objection is well-grounded in fact; is warranted by existing law or a good-faith argument for the extension, modification or reversal of existing law; and that it is not filed for any improper purpose, such as to harass, cause unnecessary delay or needless increase in the cost of litigation.

23699

I. GENERAL INFORMATION

Please fill in the following information:

1. *Party/Claimant Objecting:*

Name: Robert C. Hammond

Address: Rt. 4 Box 223

Idaho Falls, ID 83401

Phone: Work: (208) 879-4829 Home: (208) 879-4442

Briefly describe your interest in this water right:

Owner

If this objection is filed by an attorney:

Attorney Name: Kent W. Foster

Attorney Address: P.O. Box 50130

Idaho Falls, ID 83405

Attorney Phone No.: (208) 523-0620

If filed by an attorney, notice of pending court proceedings will be sent to the attorney only.

2. Owner of the water right. You must identify the owner exactly as it appears in the Director's Report:

Name: Robert C. Hammond

Address: Rt. 4 Box 223

Idaho Falls, ID 83401

II. STATEMENT OF THE OBJECTION

Please check each "box" which identifies your objection to the recommendation in the Director's Report.

1. ☐ **Name and Address:** I object to the name and/or address of the owner of the water right.
2. ☐ **Source:** I object to the source of water.
3. **Quantity:** I object to:
 - ☐ a. the total quantity of water used in cubic feet per second; or
 - ☐ b. the total quantity of water stored in acre-feet per year; or
 - ☐ c. the total quantity of water reserved for each and every purpose, including all present and future uses.
4. ☒ **Priority Date:** I object to the priority date.
5. ☐ **Points of Diversion:** I object to the legal description of the point(s) of diversion.
6. ☐ **Instream Flow:** I object to the legal description of the beginning and ending points of the instream flow.
7. ☐ **Purpose(s) of Use:** I object to the purpose(s) of use.
8. ☐ **Period of Year:** I object to the period of year when water is used or is necessary for the purpose stated.
9. **Place of use:** I object to:
 - ☐ a. the legal description of the place of use; or
 - ☐ b. the number of irrigated acres within each forty (40) acre subdivision.
10. ☐ **Consumptive Use:** I object to the annual volume of consumptive use.

11. **Water Right Recommendation:** I object to:
- ☐ a. this water right being recommended at all; or
- ☐ b. this water right not being recommended.
12. ☐ **Description of Reservation:** I object to the legal description of the reservation.
13. ☐ **Other:** I object to: _____
- _____
- _____
- _____

REASONS SUPPORTING EACH BOX CHECKED

You **must** state the reason(s), by number, for **each** box checked. You may use additional pages if necessary.

4. Priority Date. The priority date for this water right should be 1883.

CHANGES TO THE DIRECTOR'S REPORT

Specifically describe how you want the Director's Report to be changed. You may use additional pages if necessary.

The priority date for this right should be 1883.

Please note that you should attach copies of documents which support your objections. Note on each document the "box number" it supports.

- ☒ Check here if you are submitting documents. Please list each document by the title and number of pages. You may use additional pages if necessary:
- In 1992, before her death, Mildred Kimpton, the aunt of the applicant, executed an affidavit which was provided to the Idaho Department of Water Resources. A copy of that affidavit and the attachments is attached hereto.

VERIFICATION (Must be Completed)

State of Idaho
County of Bonneville

Kent W. Foster, duly sworn, upon oath, deposes and says:
(Name of person filing response)

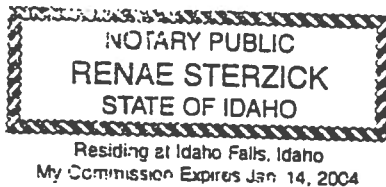

That I am the party/claimant filing this objection (as listed on Page 2, Section 3, "Party/Claimant Objecting"), that I am a water claimant or party in this proceeding, as defined by I.C. §42-1401A(1) and (7), and that I have read this response, know its contents and that the statements are true to the best of my knowledge and belief.

Signature of person filing objection

By:

[Signature]

Notary Public for Idaho Falls
Residing at: Idaho Falls
My Commission Expires: 1-14-2004

INSTRUCTIONS FOR MAILING

You must mail the objection, including all attachments, to the Clerk of the Court. **FAX filings will not be accepted by the Clerk of the Court.** You must also send a copy to all the parties listed below in the Certificate of Mailing.

CERTIFICATE OF MAILING

I hereby certify that on February 17, 1999, I mailed the original and copies of this objection, including all attachments, to the following persons, by mailing the original and/or copies, postage prepaid and addressed as follows:

1. Original to:

Clerk of the District Court
Snake River Basin Adjudication
253 Third Avenue North
P.O. Box 2707
Twin Falls, ID 83303-2707

2. One copy to the owner of the water right at the following address:

Name: Robert C. Hammond
Address: Rt. 4 Box 223, Idaho Falls, ID 83401

3. One copy to the party who filed the objection, or if represented by an attorney, to their attorney at the following address:

Name: _____
Address: _____

4. One copy to:

Chief, Natural Resources Division
Office of the Attorney General
State of Idaho
P.O. Box 44449
Boise, ID 83711-4449

5. One copy to:

United States Department of Justice
Environmental and Natural Resource Division
550 West Fort Street, MSC 033
Boise, ID 83724

Signature of party/claimant or attorney

RE: Notice of Error for SRBA Claim Nos. 72-10140, 72-04041, 72-11734 & 72-10139

Dear Mr. Foster,

This letter is to acknowledge your response to the Notice of Error (NOE) for the above-mentioned claims for Robert Hammond. While your letter was received in a timely manner it failed to identify the errors found by your client. As of this day, I am still unaware of the nature of the errors regarding these claims.

IDWR will be preparing the final records for the Director's Report in Basin 72 on January 12, 1999 and any additional changes necessary before final decree may have to be accomplished through the objection process.

If you still disagree with IDWR's recommendations, you will have an opportunity to file an objection to the Director's Report with the court. When the Director's Report is filed with the court, you will be mailed a notice that will contain more information about the objection process.

Please feel free to contact this office or me if you have further questions or need additional assistance.

Sincerely,

STEVE CLELLAND
Sr. Water Resource Agent

Re: Robert Hammond
Water Rights 72-10140, 72-04041, 72-11734 and 72-10139

Gentlemen:

We have just heard from our client Mr. Robert Hammond in Challis, Idaho who indicates that he just received the preliminary recommendations regarding the above numbered water rights and he believes there are a number of errors which will need to be addressed before the rights go to decree. Thank you for your kind attention to this matter.

Very truly yours,

Kent W. Foster

REMARKS:

affiliated by Melba Kington - appears to support the 1914 date of a commercial resort w/ advertisement for Resort of 1914. 1983 not established as a significant date for development. Also by 1914 this affiant would be about 6 years old.

Concern w/ previous findings. See 5-27-94

AT REVIEW:
p. 1 of 3

CHALLIS HOTSPRINGS
A72-10140

(hy Scc
5-27-94)

1. DOMESTIC USE —

We found delivery pipeline to the main house, 4" PVC gravity from Hot spring into ^{system} Measurement made by timed flow method in 5 gallon Bucket at Bypass overflow pipe. Full diversion was flowing in the bypass at the time of measurement. (per Mr. Hammond)

* filled 5 gallon bucket in 41.97 seconds

40.38 sec.

40.19 sec. ($\bar{X} = 40.8$)

$$\frac{5 \text{ gallons} \times 60 \text{ secs/min}}{40.8 \text{ seconds}} = \underline{7.35 \text{ gallons per minute}}$$

$$\frac{7.35 \text{ gpm}}{448.8 \text{ gpm/cfs}} = \underline{\underline{0.016 \text{ cfs}}}$$

allow 0.02 cfs

2. HEATING Use —

— piped by pump and delivered to same house as above.
theoretical calculation: (system not operating at time of exam)

$$\frac{(8.8)(0.75)(0.70)}{8 + (? \times 2.31)} = Q \quad \text{incomplete!}$$

(pressure of system unknown)

SEE ATTACHED REVIEW SHEETS
"HEATING REVIEW"

MICROFILMED

NOV 01 1994

allow = 0.04 cfs

AJ REVIEW: p. 2 of 3

A72-10140

(by SEC
52794)

3. COMMERCIAL USES — (pools & GreenHouse)

Lg. Main Pool: (spring rises in the bottom of the pool.)
mess. Capacity = $30.5' \times 104' \times 4.2' = \underline{\underline{13,322.4 \text{ ft}^3}}$

$$13,322.4 \text{ ft}^3 \times 7.48 \text{ GAL/CF} = 99,651.6 \text{ GAL}$$

[Claimant stated the pool holds 66,000 gals and fills in
4 1/2 - 5 hours when cleaned + emptied.]

$$99,651.6 \text{ GAL} \div 5 \text{ Hr} = 19,930.3 \text{ GAL/HR}$$

$$19,930.3 \text{ GPH} \div 26,930 \text{ GPH/CF} = \underline{\underline{0.74 \text{ cfs}}}$$

Sm. Hot Pool: (spring rises in bottom of the pool.)
mess. Capacity = $17.5' \times 27.25' \times 4.2' = \underline{\underline{2003 \text{ ft}^3}}$

Control Pool: this pool is used to control the
flows into the swimming pools.
this group of springs does not store
the water but controls the surface elevation
to maintain the flow into the other pools.
Small portion of this pond is piped into
a small greenhouse for heating.

MICROFILMED
NOV 01 1994

4.

IDWR measurement:

Measurement was taken after all the springs have combined into one stream. Measurement of individual springs is not done due to the many sites found and the interrelated flows of the site; Decided to get the total flow from the site.

Allow the amount of flow measured since control of the entire seep/spring site is required to maintain the uses found.

Current Meter measurement = 2.60 cfs

Commercial Uses found:

• 2 swimming pools

1 greenhouse

Facility Volume = 101,655 cu.ft.

(2003 + 99652)

Heating Uses: (see Attached reviews 2 sheets)

allow rate of 0.04 cfs

Consumptive Use = "De Minimus"

*Based on Admin. Memo #2

DESIGN HEAT LOAD:

$$E = (e * \Delta T) A (.8)$$

$$E = (.67 * 75) 3000 (.8)$$

$$E = 120,600 \text{ BTU/Hr}$$

Temp. Drop:

$$\Delta T_s = (0.3)(s - t)$$

$$\Delta T_s = (.3)(110 - 70)$$

$$\Delta T_s = 12$$

FLOW RATE OF SYSTEM:

$$\text{gpm} = \frac{E}{(500)(\Delta T_s)}$$

$$\left\{ \frac{Q}{500 - \Delta T_s} \right\} \text{ per mem}$$

$$= \frac{120600 \text{ BTU/Hr}}{(500)(12)}$$

$$\text{GPM} = 20.1$$

$$\text{CFS} = 0.04$$

Relax in rustic peaceful surroundings

--- Open All Year ---

Located 4.5 miles north on Hot Springs Road off Highway 93 at the end of the road.

32 hookups with electricity, water for RV's. Grass, trees and lots of tent camping area. Showers, phone available.

Camp on the banks of the Salmon River.

No urban noise or traffic

Limited bed & breakfast Facilities available. Reservations suggested.

Bob Hammond says:

Hi There! We want to share a secluded spot for relaxation and fun that has been a tradition for over one hundred years.

I am 4th generation owner of what once was the "Boarding House" styled center for the recreation of the miners from Beardsley, Custer, Yankee Fork and other mines of Central Idaho.

Now we have developed pool and camp ground facilities to fit the needs of today's swimmers and travelers.

POOR ORIGINAL

Come! Enjoy the simple pleasures as they were in the early days.

Fish - in pond, rivers and streams
Swim - in outdoor pool of natural artesian water
Soak - in indoor hot mineral pool.
Picnic with family and friends
Camp-in pup tent
Luxury motor home

Ask about facilities for small group seminars, family reunions, classes and study groups.
