RESPONSE DEADLINE

DATE: May 24, 2014

Dear Mr. Gramzow:

After our phone conversation of April 7, 2014, I pulled all the claims filed for the domestic usage on your property, parcel number RP032280000030. To reiterate - each claim is for one well, with usage on lot 3, and the wells are located on lot 1, lot 3 and lot 4.

During the data entry process I came across some items which weren't completed on the claim forms, and ask that you complete these items:

Claim Number 91-7673

Item 1 – Claimant Name

This claim lists your name only, while the other two claims list your name as well as 818 SJL LLC. Did you also want this claim under 818's name? If so, please include this information.

Claim Number 91-7673, 91-7674 & 91-7675

Item 2 – Date of Priority

The date entered was December 26, 2011, which appears to be the date that you signed the claim form. Your claims are based on "beneficial use". Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed. Consequently, you may want to amend the priority date to better reflect that first usage date.

Please note that since the priority date cannot be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed and the historic use of the water. Enclosed you will find the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

Items 6 and 7 – Type of Usage, Period of Usage and Quantity

Please complete the period of time for which you're using the water. Also, we should have a quantity filled in. The average usage for domestic, without lawn irrigation, is 0.02 cubic feet/second (cfs) which is equal to 9 gallons per minute. For domestic usage with ½ acre or less of lawn irrigation the average is 0.04 cfs (18 gallons/minute).

Claim Number 91-7674

Item 9 – Location of Place of Use

Please add the parcel number which this well serves. Generally this will be a legal description such as township, range, section and ¼, ¼ section and/or the parcel number. In this case, since there's nothing listed here, we should have the parcel number listed.

Since you will be amending your claims, please initial and date each change or addition that you make. I also ask that you re-sign the claim forms. Note that there are three signature options under item 15; a signature for individuals, a signature for organizations or a signature for attorneys who are acting on behalf of the claimant.

Be sure to contact me if you have any questions. I can be reached at (208) 762-2802.

Sincerely,

A handwritten signature in cursive script that reads "Linda A. Werner".
