FIRST PARAGRAPH
PAGE 2, REQUESTS
EXTRA INFORMATION
FOR CHANGE OF
OWNERSHIP.

Dear Ms. Cutler:

Our office recently received an Application for Permit that you filed in order to develop a groundwater irrigation right for property along the Salmon River, near Challis. After an initial review, I had some questions regarding your application. I attempted to contact you several times by telephone, but I was unable to reach you. Please find enclosed, the application that you submitted, along with the \$50.00 filing fee (check #1530).

Upon review of your application, it appears that some clarification needs to be made. I am assuming that this application is an expansion of existing water right 72-07112. It appears that this application seeks to add some additional irrigated acres, and to increase the authorized diversion rate from the well licensed under right 72-07112 to a total of 0.30 cfs. In addition, the application seeks to add approximately five acres of irrigated ground, bringing the total acres authorized to be irrigated with water from the well to a total of 15 acres.

If the proceeding paragraph describes your intentions, then the application looks to be filled out correctly. However, examining the application, and the map that was included with the application, reveals that a correction may need to be made on the legal description of the property to be irrigated. The map that you included shows an area outlined in purple labeled "added". Examination of this area reveals that part of the area is south of the quarter-quarter line. Therefore, some of the acres in the place of use would be located within the SESW $\frac{1}{4}$ of Section 21. If the map reflects your intentions, then item #9 on the application should be changed to show an acre amount in the SESW $\frac{1}{4}$ of Section 21 also.

March 2, 1999

PAGE 2

*In addition, you submitted a change of ownership form along with your application. The change of ownership form was submitted in order to change the ownership records for rights 72-07112 and 72-10054 into just your name, since they are currently recorded in the name of Stephen and Helen Cutler. Examination of the Divorce Decree that was submitted along with the change of ownership form revealed that the decree specified that you obtained a "house in Custer County". The decree did not mention anything about any land that you obtained. In order to change the ownership records for these two rights, we need documentation that shows that you are the sole owner of the land that the water rights are appurtenant to. This documentation could consist of warranty deeds, quitclaim deeds, tax records, Custer County Assessor records, or perhaps other legal documents.

I encourage you to contact me if you have any questions, or if I can be of any assistance. Hopefully, any needed corrections can be made to the application, and the application and fee can be resubmitted to our office, so we can begin processing the application in a timely manner.

Sincerely,

A handwritten signature in cursive script, appearing to read "Corey Skinner".
