RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by **May 1, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

 a different well and was but the change in was track to verify the earlier
 priority date for the current claimed use. The original well was apparently down.
 I found four line that entered into the station use. Eventually the station
 was dropped into the City & was tied into the City system. The well was
 drilled to the stop but as the main line was to go under the
 storage tanks, that well was eventually abandoned and a replacement
 well was drilled near the NE corner of the stop. (See pic).

RE: Evidence of Priority

DATE 6-9-93

NAME OF PARTY

Reviewed evidence of priority and problems exist.

Evidence submitted indicates that the well was drilled in 1950 but no beneficial use is discussed.

Remarks in the claim itself indicates that the Garage was constructed & the commercial use began in 1982. This places the claimed use in violation of mandatory permit statutes for a commercial use developed after Mar 25, 1963.

The use may fall within Domestic Part B but will require field exam.

Recommended
as Dom Part B
