RE: Evidence of Priority Date & Location of Place of Use, Notice of Claim No: 95-15356

RESPONSE DEADLINE
DATE: March 18, 2014

Dear Mr. or Ms. Snow:

The Notice of Claim to a Water Right identified with the number shown above has been filed in the Coeur D'Alene-Spokane River Basin Adjudication. The claim indicates your water usage is based on "beneficial use". Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed.

The date of first use, known as the priority date, has not been confirmed by a license, decree or permit. Since the priority date and historic use of a beneficial use right cannot be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed and the historic use of the water.

Enclosed you will find the pamphlet entitled "Evidence of Priority" which describes the types of evidence required and suggests which documents will fulfill this requirement. Also, I've enclosed an aerial photo of the area. Would you please circle the location of your float home and return that along with the priority date information?

Please submit the required evidence supporting the priority date, along with the map, by the date shown above. If you have any questions, feel free to contact me at (208) 762-2802 or email me at: linda.werner@idwr.idaho.gov.

Sincerely,

A handwritten signature in cursive script that reads "Linda Werner".

Linda A. Werner
Water Resource Agent
