On June 24, 1999, the Director of the Idaho Department of Water Resources filed his *Supplemental Director's Report, Reporting Area 1, IDWR Basin 34* ("Supplemental Director's Report"), which included a recommendation for the above-captioned water right claim. No objections were filed to the recommendation in the *Supplemental Director's Report* and the time period for filing such objections has expired. On October 15, 2001, a *Partial Decree* was entered for the above-captioned water right claim. Although the recommendation for the claim provided for a period of use of "05-01 10-15," for the Irrigation From Storage purpose of use, the *Partial Decree* erroneously identified the period of use as "Irrigation Season." The Court finds the erroneously identified period of use to be the result of clerical error.

Therefore, IT IS ORDERED pursuant to Idaho Rule of Civil Procedure 60(a) that the *Partial Decree* for the above-captioned water right is hereby amended *nunc pro tunc* to October 15, 2001, to correct the clerical error as set forth in the attached *Amended Partial Decree Pursuant to I.R.C.P. 54(b)*.
