CALL OUT: spoke to Mrs Patrick-509-633-0860
discussed the uses of the well.
Used to serve the house to the east but
when parcels were split up it was no
longer used. No home is connected
to the well now; has not been used
for some time. I told her it is possible
to drill a new well at any time for
a better source of potable water

EAST HOUSE: It's believed the domestic use
from this well was replaced with a
newer well near the house.
See claim/right 95-15194 (1973 date)

Rec'd: for Stock water use at the
well site.
