RE: Recommendation of Water Right 31-10481
Snake River Basin Adjudication (SRBA)

Dear Messrs. Edwards and Gunderson:

Please find enclosed the Idaho Department of Water Resources (IDWR) Director's Report containing the recommendation of your water right claim 31-10481. I have also enclosed a Notice of Director's Report (Notice) which contains instructions for reviewing the recommendation, and other important information. Most Basin 31 water rights were recommended in earlier reports, and those water rights have now been decreed by the SRBA Court.

Please note you have until June 30, 2014, in which to review the recommendation of your water right and to file any objection you may have to the recommendation, should you disagree with it. Information on filing objections is contained in the Notice. If the SRBA Court does not receive any objections to the recommendation of right 31-10481, the right will be partially decreed as recommended in the near future.

Completion of the SRBA is important for the future of water management in Idaho. I invite you to contact IDWR's regional offices with any questions you have about your water right(s) or this adjudication process. Questions also can be directed to the adjudication staff at 1-800-451-4129 or 208-287-4909.

Sincerely,

Carter Fritschle
Manager, Adjudication Section
