

DIRECTOR'S REPORT

Water Right No. 31-10481

In Re SRBA

Twin Falls County Civil Case No. 39576

Report to the SRBA District Court

Prepared by the Idaho Department of Water Resources
Gary Spackman, Director
Carter Fritschle, Manager, Adjudication Section

May 30, 2014

DESCRIPTIVE SUMMARY

This is a Director's Report submitted by the Director of the Idaho Department of Water Resources (IDWR).

DISCUSSION

In November of 1988, IDWR received a Notice of Claim to a Water Right identified as no. A31-10481, which described a groundwater use for domestic, stockwater and irrigation purposes. The right was claimed under the names of David F. Edwards or K. Paul Gunderson.

Claim A31-10481 was initially investigated by IDWR, but staff was unable to locate a home or irrigated acreage at the time of the 1994 field exam. The electronic file contains evidence suggesting IDWR planned to recommend the right for disallowal with the intent to address possible issues with the claimed Point of Diversion / Place of Use through the objection process. It was recently discovered that the claim was never reported to the Court at all.

As IDWR has now revisited the claim, and is able to recognize the use claimed under no. A31-10481 (including the claimed legal descriptions), the Director submits for filing this Director's Report for water right 31-10481. IDWR further notes copies of the Director's Report are being mailed to the original claimants as well as the current property owner.

Respectfully submitted this 30th day of May, 2014.
