RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.** The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by **May 1, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

RE: 72-00013B, 72-02134, 72-10189

Dear Mr. and Mrs. Philps,

This letter is in response to the Notices of Error (NOEs) you recently filed with IDWR regarding the Director's proposed recommendations of the claims listed above. Your NOEs questioned the Place of Use, Priority Date and the Point of Diversion.

I have moved the point of diversion for Philps Springs to the NWSENW of Section 14 and made sure your's, Bitton's, and the Green's claims in the area all refer to the same Points of Diversion. Based on the evidence in the file, I allowed the priority date of April 1, 1910 for 72-10189. I have tried to show the acres irrigated by each right, as we discussed after the meeting in Challis.

I have enclosed new Preliminary Recommendations and corrected maps for these claims. You should be receiving the actual Director's Report by the end of the month which will reflect these corrections.

If these changes are still incorrect, you can file an Objection to the Director's Report with the SRBA Court. The process will be explained when you receive your copy of the Director's Report.

Sincerely,

Jeanie Robertson
Senior Water Resource Agent
