

ATTACHMENT TO NOTICE OF CLAIM TO A WATER RIGHT
For Felix Louie heirs

Regarding Item 1

Agnes L. McFaddin is the eldest of three siblings who are the heirs. The others are Maurice A. Juneau, Jr. and Evie Gardipe. The others have authorized Agnes to file this claim.

Regarding Items 11 and 13

The property is Allotment 634 on the Coeur d'Alene Indian Reservation. Ownership is actually held by the United States in trust for the heirs of the original allottee, Mr. Felix Louie.

This claim is submitted because we find from searching the Idaho Department of Water Resources web site that no claim has been filed for this property by the Bureau of Indian Affairs or the Coeur d'Alene Tribe. Therefore, to protect this long-standing residential water use, we are filing individually. The Allotment was issued on December 16, 1909 to Felix Louie and was occupied as a residence shortly after that date. It has been occupied continuously by family members ever since that time.
