RE: Recommendation of Late Claim Water Right 22-14112
Snake River Basin Adjudication (SRBA)

Dear Water User:

Please find enclosed the Idaho Department of Water Resources (IDWR) recommendation of your late claim water right 22-14112. I have also enclosed a Notice of Late Claim Director's Report (Notice) which contains instructions for reviewing the recommendation, and other important information. Most Basin 22 water rights were recommended in earlier reports, and those water rights have now been decreed by the SRBA Court.

Please note you have until July 31, 2014, in which to review the recommendation of your water right and to file any objection you may have to the recommendation, should you disagree with it. Information on filing objections is contained in the Notice. If the SRBA Court does not receive any objections to the recommendation of right 22-14112, the right will be partially decreed as recommended in the near future.

Completion of the SRBA is important for the future of water management in Idaho. I invite you to contact IDWR's regional offices with any questions you have about your water right(s) or this adjudication process. Questions also can be directed to the adjudication staff at 1-800-451-4129.

Sincerely,

For Carter Fritschle
Manager, Adjudication Section
