Re: Adjudication Claim A72-10471 - Change of Ownership

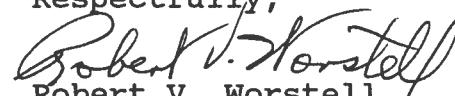

Dear Mr Connolly:

I have talked to Mr Clyde Rigby on August 27 to arrange a time for a field examination of the above referenced Adjudication Claim for irrigation water for 5 acres which he filed on Feb. 13, 1990. (copy enclosed). He informed me that you now own this property and I should make the arrangements with you. I am enclosing a form to change the ownership of this claim into your name.

I plan to be working in the Challis area during the week of September 13 and I want to set a time to meet with you to review this claim. Let me know when you can meet with me.

Contact our office if you need further assistance.

Respectfully,

Robert V. Worstell

RE: Evidence of Priority

RESPONSE DEADLINE

MAY 1, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.** The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by **May 1, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.

Hi Sara,
Patrick Connolly, the guy who never picked up his mail in Challis so we sent the SF5 to his Mom in Buhl, was in today and dropped off the signed and initialed SF5. I signed and initialed it also and will forward it to you for your signature and mailing. (He signed the Certificate of Mailing thing already and dated it October 14, 1999 - even though it hasn't been mailed yet. Hope that's okay...) Jeanie

STANDARD FORM 5

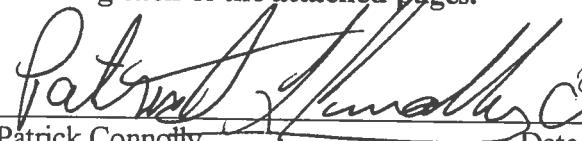

STIPULATED ELEMENTS OF A
WATER RIGHT

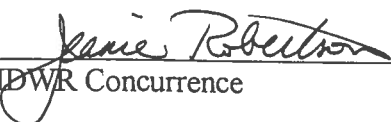

THIS FORM MAY ONLY BE USED IF ALL PARTIES HAVE STIPULATED TO ALL ELEMENTS OF ONE WATER RIGHT AND MAY BE SUBMITTED AT ANY TIME FOLLOWING THE CLOSE OF THE STATUTORY RESPONSE PERIOD.

This form is used to report the stipulated elements of one water right acquired under state law and/or one federal reserved water right. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; and they have been served with sufficient process, according to the law; and that they have appeared, prosecuted and defended their positions with regard to this water right dispute.

The parties and IDWR agree and stipulate that the elements of this water right should be described per the attached. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.

SARA,
FOUND WHERE I HAD SENT HIM A LETTER C/O P. J. BURTON (HIS MOM), 307 FRUITLAND AVE. IN BUHL 83316...I JUST CALLED HER AND HE HASN'T BEEN TO CHALLIS IN AWHILE SO THAT'S PROBABLY WHY HE HASN'T RETURNED THE SF5. SHE SAID HE COMES BY EVERY FEW DAYS TO HER HOUSE, SO I THINK WE SHOULD SEND ANOTHER PACKET TO HIM THERE...

Jeanie,

As we talked about this morning, I still haven't gotten the SF5 back from Patrick Connolly. I just tried to call him and his phone number is disconnected and directory assistance doesn't have a listing for him in the Challis area. Do you have any idea how to find this guy?

Ownership Change, resulted in split of right. During GIS update it was found, based on meta & bound, that original shape was located slightly wrong. I have corrected shape to keep the recommended 4 acres, even though it would indicate irrigation on previously not recommended acres.

Shape # 195 was assigned to "A" part & # 473 assigned to "B" part.

Memo From.....L.T. Stevenson

To Corey Skinner - 6 April '99 -

Enclosed is an application for a water right. I purchased 2 acres from Connolly - He had received a gift deed from his grandparents in 1998 and I don't think he had the water right transferred into his name. Patrick Connolly III has been living on the place for 8-10 years and has been irrigating. Patrick Connolly and his wife are both deceased (as I remember in the summer of '98).

I'm sending this to you as I know you will take care of the application - or place it where it will be taken care of.

Regards

J. T. Stevenson

MEMORANDUM

TO: 72-10471 Change of Ownership File (Connolly to Stevenson)

FROM: Corey Skinner *CS*

DATE: April 12, 1999

SUBJECT: Conversation with L.T. Stevenson

This day I spoke with L.T. Stevenson regarding the enclosed change of ownership form that he submitted for right/claim 72-10471. Examination of Department records reveals that two recent licenses (72-07473 and 72-07502) may also be associated with the property that Mr. Stevenson purchased. Both of these licenses are from the same well, with license 72-07473 being associated with stockwater use and license 72-07502 being associated with domestic use for two homes. Mr. Stevenson purchased a portion (apparently about 2.2 acres) of the Connolly property. Mr. Stevenson submitted the enclosed change of ownership form to change the ownership of a portion of right/claim 72-10471 (irrigation water out of Challis Creek) into his name. The change of ownership form also mentions "one home". Since I was not sure if this one home consisted of one of the homes associated with right 72-07502, I contacted Mr. Stevenson.

Mr. Stevenson said that the "one home" listed on his change of ownership form consisted of a new log home that he was building, and that there is another home and a trailer associated with the Connolly property (as described in the 72-07502 field exam). Mr. Stevenson said that the well is on the Connolly property. Therefore, the new home that Mr. Stevenson is building is a new development and not associated with the development licensed under 72-07502. I asked Mr. Stevenson about changing the stockwater license into his name, and he said that he was not interested. Therefore, it appears that Mr. Stevenson only obtained a portion of 72-10471, and that Mr. Connolly retained ownership of the rest of 72-10471 and the entire portions of licenses 72-07473 and 72-07502.

Dear Mr. Connolly:

When I was in Challis during March, Mr. Bud Hamilton gave me your card and asked that I send you information on your claim to a water right in the Snake River Basin Adjudication.

I have enclosed an *Adjudication Claims Proof Reading Report* for A72-10471. This is the claim to a water right made by Mr. Rigby. This is not a right, but a claim to a right. This claim referred to Water Right numbers "009" and "084." I have also enclosed *Water Right Proof Reading Reports* for water right numbers 72-0009A, 72-0009B, and 72-00084, which are all decreed water rights.

I am not familiar with your current standing in the Adjudication, or how your claim is being recommended. Any questions regarding this matter should be directed to the Twin Falls Regional office of Water Resources. Jeanie Robertson of the Twin Falls office is currently handling the recommendations for claims within your area, and I strongly encourage you to contact her with any questions that you may have. The Twin Falls number is (208) 736-3033. Jeanie should be helpful and is better able to assist you in this matter.

Sincerely,

RE: SRBA CLAIM #A72-10471

Dear Mr. Connolly,

In reviewing your claim, I find that I am still unable to determine which decree applies to your land. In the original claim, which was filed by Mr. Clyde Rigby, he claimed it was based on a decree. He mentioned old decree numbers 72-0009 or 72-0084 as possibly applying to this property. I can find no reference to your land in either of these rights, nor in any transfer files. Please provide some evidence, perhaps through old deeds, which show the water right decree which is appurtenant to your land. Alternatively, please provide evidence as to when water was first used on this land. In this case, your priority date would be recommended as the date which this evidence indicates. I have enclosed a copy of our Evidence of Priority pamphlet for your use.

If we do not receive evidence as to which water right applies to your property, I may be required to disallow your claim.

If you have any questions, please feel free to give me a call at the office. I am looking forward to getting this issue resolved.

Sincerely,

Jeanie Robertson

APPROXIMATE LOCATION

Mr Connolly purchased this acreage from Rigby in July 1992. His income is derived from 3 service-type businesses, and as a part-time "outfitter". This irrigation system is a "jury rigged" assembly that he intends to replace. The sprinkler system has 6 model 30 Rainbird heads with 5/32" Nozzles and a Rainbird model 85E "big gun" sprinkler with 1/4" & 7/16" Nozzles - on a separate 2 1/2" Polyethylene lateral. The system was not in operation in 1993. The pump was dismantled. The field was poorly irrigated in 1993. The hay was a poor stand and Mr Connolly estimated that only 3 1/2 to 4 acres of the property will be irrigated. The west side of the property was not irrigated in 1993.
