From: Linda Werner, Water Resource Agent *L.W.*

Subject: Priority Date and Source

Mr. Stanley called me today in response to our letter of April 14, 2014, requesting more information on the source of water and the priority date.

He states that the source is Dago Creek and the priority date of November 20, 1963 is acceptable as he doesn't have any way to obtain evidence of an earlier usage.
