1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

The Best family has been using the water since 1958
we would like to have the water rights priority date 1958
and want the water rights

2. Describe the changes you wish to make in the proposed recommendation:

we would like the water rights, we would continue to
furnish water to Jeffrey Herrington.

3. Give a brief explanation as to why you disagree with these portions:

The person that was given the water rights tapped into
our water pipe, using our pump and the spring we
built and covered.

I AGREE with this proposed recommendation: no changes need to be made.
