RE: Recommended Water Rights Acquired Under State Law
Snake River Basin Adjudication (SRBA)
Domestic and/or Stockwater Rights in Reporting Area 4, Basins 71 and 72

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your domestic and/or stockwater water right(s) in basins 71 or 72 (the Upper Salmon River Drainage Basin). We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended domestic and stockwater right(s) in your area. Water rights for irrigation and other purposes in basins 71 and 72 will be recommended in a later process.

Note that you have 120 days in which to file any objection to our recommendation and to review the domestic and stockwater water rights of other claimants, including those of the United States. Information on the other water rights can be found at the Custer County courthouse in Challis, the Blaine County courthouse in Hailey, and all of the Idaho Department of Water Resources offices (see addresses in enclosure).

If the Court does not receive an objection from you about our recommendation, and no other party objects to your water right, your water right will be decreed later this year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions that you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

RE: Snake River Basin Adjudication (SRBA)
Custer County - Notice of Claim to a Water Right

Dear Mr. & Mrs. Cobbley:

We are returning your Notice of Claim to a Water Right filed for your property in Custer County. We are also enclosing Receipt No. C024952 in the amount of $25.00 for the filing fees. We have noted some problems with your claim which we would like you to correct.

A critical item of the water right, the date of priority, was left off your claim in Item #2. This is the date that the water was first placed to beneficial use to the best of your knowledge.

Please complete Item #4, Point of Diversion. Often, the point of diversion and the place of use are the same with groundwater as the source. If this is the case on your property, simply copy the information you provided us at Item #10 into Item #4.

Please complete Item #5, Description of Diversion Works.

Please return the documents to this office to my attention. If you will make these corrections before August 21, 1992, you will not be assessed a late filing fee. Do not hesitate to contact this office if you have any questions or desire an appointment to obtain assistance in completing the form.

Sincerely,

Helen Harrington-Thornton
