RE: Coeur d'Alene-Spokane River Basin Adjudication Claim 95-16205

Dear Mr. Palladino,

In February of 2011, you filed claim 95-16205 in the Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) for domestic use from a well. I was reviewing your claim in order to prepare a recommendation and ran across a question I was hoping you could help clarify.

Claim 95-16205, claims the place of domestic use and the point of diversion (well location) as being in the SENW of Section 24. However, the available aerial photography make is look to me like your house might be in the SWNE with a barn or garage in the SENW.

As we spoke about on the phone, I have enclosed a map of your property and your home along with a postage paid self addressed envelope. If you could please draw in the location of the well on the enclosed map, and then mail it back to me, that will ensure that I accurately describe your water right when making a recommendation to the Adjudication court.

Please feel free to give me a call if you have any questions.

Respectfully,

Please draw in the locaiton of the well that supplies water for your Domestic use and then return map to IDWR.
