Originally there was one well drilled in 1977, when #95 was enlarged the well was covered - and the state drilled a well on the south side of the locker. ASSIGNMENT OF INTEREST IN AN IRRIGATION WELL

For valuable consideration, the receipt and sufficiency of which are hereby acknowledged and accepted, LOIS JOHNSON (the "Assignor") does hereby sell, transfer, and assign to KENNETH H. NELSON and NORMA I. NELSON (the "Assignee"), all interests in any rights created through, to or in an irrigation well currently situated on the real property particularly described and incorporated herewith in Exhibit A and which is adjacent to the real property purchased by KENNETH H. NELSON and NORMA I. NELSON described and incorporated herewith in Exhibit B.

WHEREAS, S. E. Johnson and Charles E. Johnson owned adjacent real property (Exhibit A and B respectfully) and elected to jointly build, maintain and operate a pump and irrigation well to provide irrigation water to their respective agricultural lands. They possessed water rights on each piece of real property which allowed the delivery of irrigation water via an irrigation well.

WHEREAS, S. E. Johnson and Charles E. Johnson equally used the well and paid all expenses associated with the well equally.

WHEREAS, the well was used in this fashion for a period of over thirty (30) years.

WHEREAS, S. E. Johnson and Charles E. Johnson used the well, pump and well appurtenances equally and considered ownership of the well, pump and well appurtenances equal. No document was recorded in the records of Canyon County memorializing the shared use of the irrigation well.

WHEREAS, S. E. Johnson is deceased and the real property upon which the well is situated was inherited by and is currently owned by Susan Garber as her sole and separate property. Susan Garber also inherited rights and interest in the irrigation well.

WHEREAS, Charles E. Johnson is deceased and the real property adjacent to the property upon which the well is situated was inherited by and is currently owned by Lois Johnson as her sole and separate property. Lois Johnson also inherited the rights and interest in the irrigation well.

WHEREAS, Lois Johnson has continued to pay for the maintenance, upkeep and operation of the irrigation well pump and its appurtenances.

WHEREAS, Lois Johnson's tenants, Kenneth H. Nelson and Norma I. Nelson, have used the irrigation well during their tenancy and depend upon said irrigation well for the delivery of irrigation water and the water rights to the Lois Johnson real property.

NOW THEREFORE, the parties mutually agree that any and all rights Lois Johnson has in the ownership, use or delivery of irrigation water from the irrigation well shall be assigned to KENNETH H. NELSON and NORMA I. NELSON.

1. Lois Johnson represents and warrants that she is the partial owner or has rights and an interest to the use of the irrigation well located on Exhibit B. Lois Johnson represents and warrants that only Susan Garber, or her assigns, may have any co-ownership right, title or interest therein. No other person, entity, trust or estate has any right, title or interest therein.

2. Lois Johnson has not previously sold, assigned, transferred, mortgaged or pledged her rights or interest therein.

3. Lois Johnson has full right, title and authority to make the assignment granted herein.

4. Kenneth L. Nelson and Norma I. Nelson hereby shall indemnify, defend and hold Lois Johnson harmless from any claims arising out of the rights or interest in the irrigation well being assigned herein from the date hereof and thereafter. Additionally, Kenneth L. Nelson and Norma I. Nelson are assuming all duties, obligations and expenses associated with the irrigation well and the rights and/or interest being assigned to them.

6. This Assignment is binding upon the parties hereto, their heirs, successors and assigns, and may not be modified, altered or changed in any manner unless in writing, signed by both parties. All prior agreements are merged herein.

Re: Original Notice of Claim to a Water Right No. 63-8589
Renumbered Notice of Claim to a Water Right No. 63-32428

Dear Claimant(s):

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number as referenced above. This Change of Ownership required a split of the original claim resulting in renumbering this claim, using a new water right number to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your claim, then no further action is required at this time.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your water right. This claim represents a split of the claim filed by a previous owner during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you for your patience, as we have had several water right changes to process. Please feel free to contact this office if you have any questions concerning your claim or this letter.

Sincerely,

Adjudication Section
