RE: Notice of Second Round Service

Dear Property Owner:

Idaho Department of Water Resources' (IDWR) records indicate that you may have an ownership interest in Water Right No. 92-7190, which has not been claimed in the Coeur d'Alene-Spokane River Basin Adjudication (CSRBA). Please see the enclosed Second Round Service of Commencement Notice CSRBA Basin 92 (Second Round Notice) for a description of the type of water rights that must be claimed in the CSRBA.

The original filing deadline for Second Round Service in Basin 92 was July 31, 2012. However, because the legal description for the point of diversion and place of use on water right license 92-7190 appears to be in error, you did not receive second round service in 2012. If you do wish to file a claim for your wildlife pond, this letter serves as an extension of the deadline to file the notice of claim to December 19, 2014. A draft notice of claim is enclosed with the legal descriptions for the point of diversion and place of use corrected to reflect your property south of St. Maries.

If you do decide to file the claim, please initial any changes you make, sign the claim and return it to IDWR. The filing fee for this claim is \$51.00, and the filing fee must be submitted with your claim. A postage paid envelope is included for your convenience. If you do not file the claim by December 19, 2014, an additional \$50.00 late fee will be required.

If you have any questions or need more information about the water rights on record that are appurtenant to your property, please call the toll free Adjudication Hotline, 1-800-451-4129, or send an email to the Northern Idaho Adjudication help desk: NIAHelp@idwr.idaho.gov.

Sincerely,

Carter Fritschle
Adjudication Section Manager
