Chad Goodwin
Idaho Department of Water Resources
7600 N. Mineral Dr., Suite 100
Coeur d' Alene, ID 83815

Dear Mr. Goodwin:

Thank you for letting me know that I failed to enclose the signature page of the amended water right. I have now enclosed it.

There still seems to be some confusion as to what we must do to ensure that Santa has enough water now and in the future for its customers. John Sherman the district operator is concerned about what the effect of the 27AFY would do to the district on claim # 92-7003. We called and spoke with a gentleman name Erik at your office. He thought that once the transfer of water right from well #1 to well #2 was complete that the district would be fine, however he said that we needed to do the transfer using form # 42-222 POD. Please confer with Eric and let me know if you agree that we now need to us the transfer form or if you both agree that just amending the existing water rights will do the job.

Sincerely,

Marzetta Reimann
Clerk
