To Whom It May Concern:

To the best of my knowledge, there has always been a natural spring fed pond and well on the property located near Cherry Creek Road, off the end of Trinity Lane, in St. Maries, Idaho, Parcel #RP46N02W30500AA owned by Alva (Smith) Eaton.

We were neighbors on the property adjoining the Smith property.

Thank you for your help with this matter.

To Whom It May Concern:

To the best of my knowledge, there has always been a natural spring fed pond on the property Parcel #RP46N02W30S00AA, in St. Maries, Idaho. It is approximately 20 feet long by 14 feet wide, that wildlife has used over the years as their water supply. My father, Arthur H. Smith purchased the property around May 20, 1969. He drilled a well and built a pump house, the size of a large closet, to enclose a faucet for usable running water. The property is located near Cherry Creek Road, to the end of Trinity Lane. My sister, Alva Eaton now owns the property.

Thank you for your help with this matter.

Sincerely,

David A. Smith

SUBJECT: Evidence of Priority Date, Spring Location & Place of Use: Claim No: 92-10998

RESPONSE DEADLINE
DATE: December 10, 2014

Dear Ms. Eaton:

The extension of time you requested for the above numbered claim filed for wildlife storage has been approved and I am enclosing a copy of the claim, for your records.

The claim indicates your water usage is based on "Beneficial Use". Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. Since the priority date and historic use of a beneficial use right cannot be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed and the historic use of the water.

Enclosed you will find the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

Also, I'm enclosing a map of the area and ask that you show the location of the spring and the location of the pond.

Please submit the required evidence supporting the priority date and the historic use, as well as the map, by the date shown above, to my attention. Be sure to contact me if you have any questions. I can be reached at (208) 762-2802 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
