Good morning Diana,

I stumbled across a lingering problem today involving 34-2366 with a partial first issued in 1997 from the initial director's report in 1992. A transfer in 1993 split the right for two owners with separate points of diversion. Splits A & B were reported in the Supplemental Report for the season of use in 1999. Of course, an amended partial has not been issued for 34-2366 because a season of use was not reported for it. Where do we go from here? Would an NCAP (owner change) begin to move the rights forward? I don't have another idea. I cannot determine from our data if the 1993 owners still own the property. IDWR has received no change in ownership for the splits since 1993.

Thanks,

Don Shaff

Jeff, I'm not sure why A+B reflect "License"

Don

The Court has not issued an Amended Partial Decree for the 2nd year of life.
