Re: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 91-7687

RESPONSE DEADLINE
DATE: August 29, 2014

Dear Ms. Cottier:

I'm writing in regard to the Notice of Claim to a Water Right referenced above which was filed for fish propagation and irrigation of the Avery park. If you recall, we last corresponded with the request that you send us a description of the diversion works for that water usage. There is one other item that we need before we can make a proper recommendation for this water usage.

We need documentation showing that the Avery Water and Sewer District will be responsible for the maintenance and upkeep of the diversion works. This can be done by sending along an agreement between the Avery Citizens Committee and the Avery Water and Sewer District, or the ownership of the Notice of Claim could be put in the name of the Water and Sewer District.

Please return this information by the response date shown above as we are preparing our final recommendations for Basin 91. Be sure to contact me if I can answer any questions. My office number is (208) 762-2802

Sincerely,

A handwritten signature in cursive script that reads "Linda A. Werner".
