DEPARTMENT OF
WATER RESOURCES

Steve,

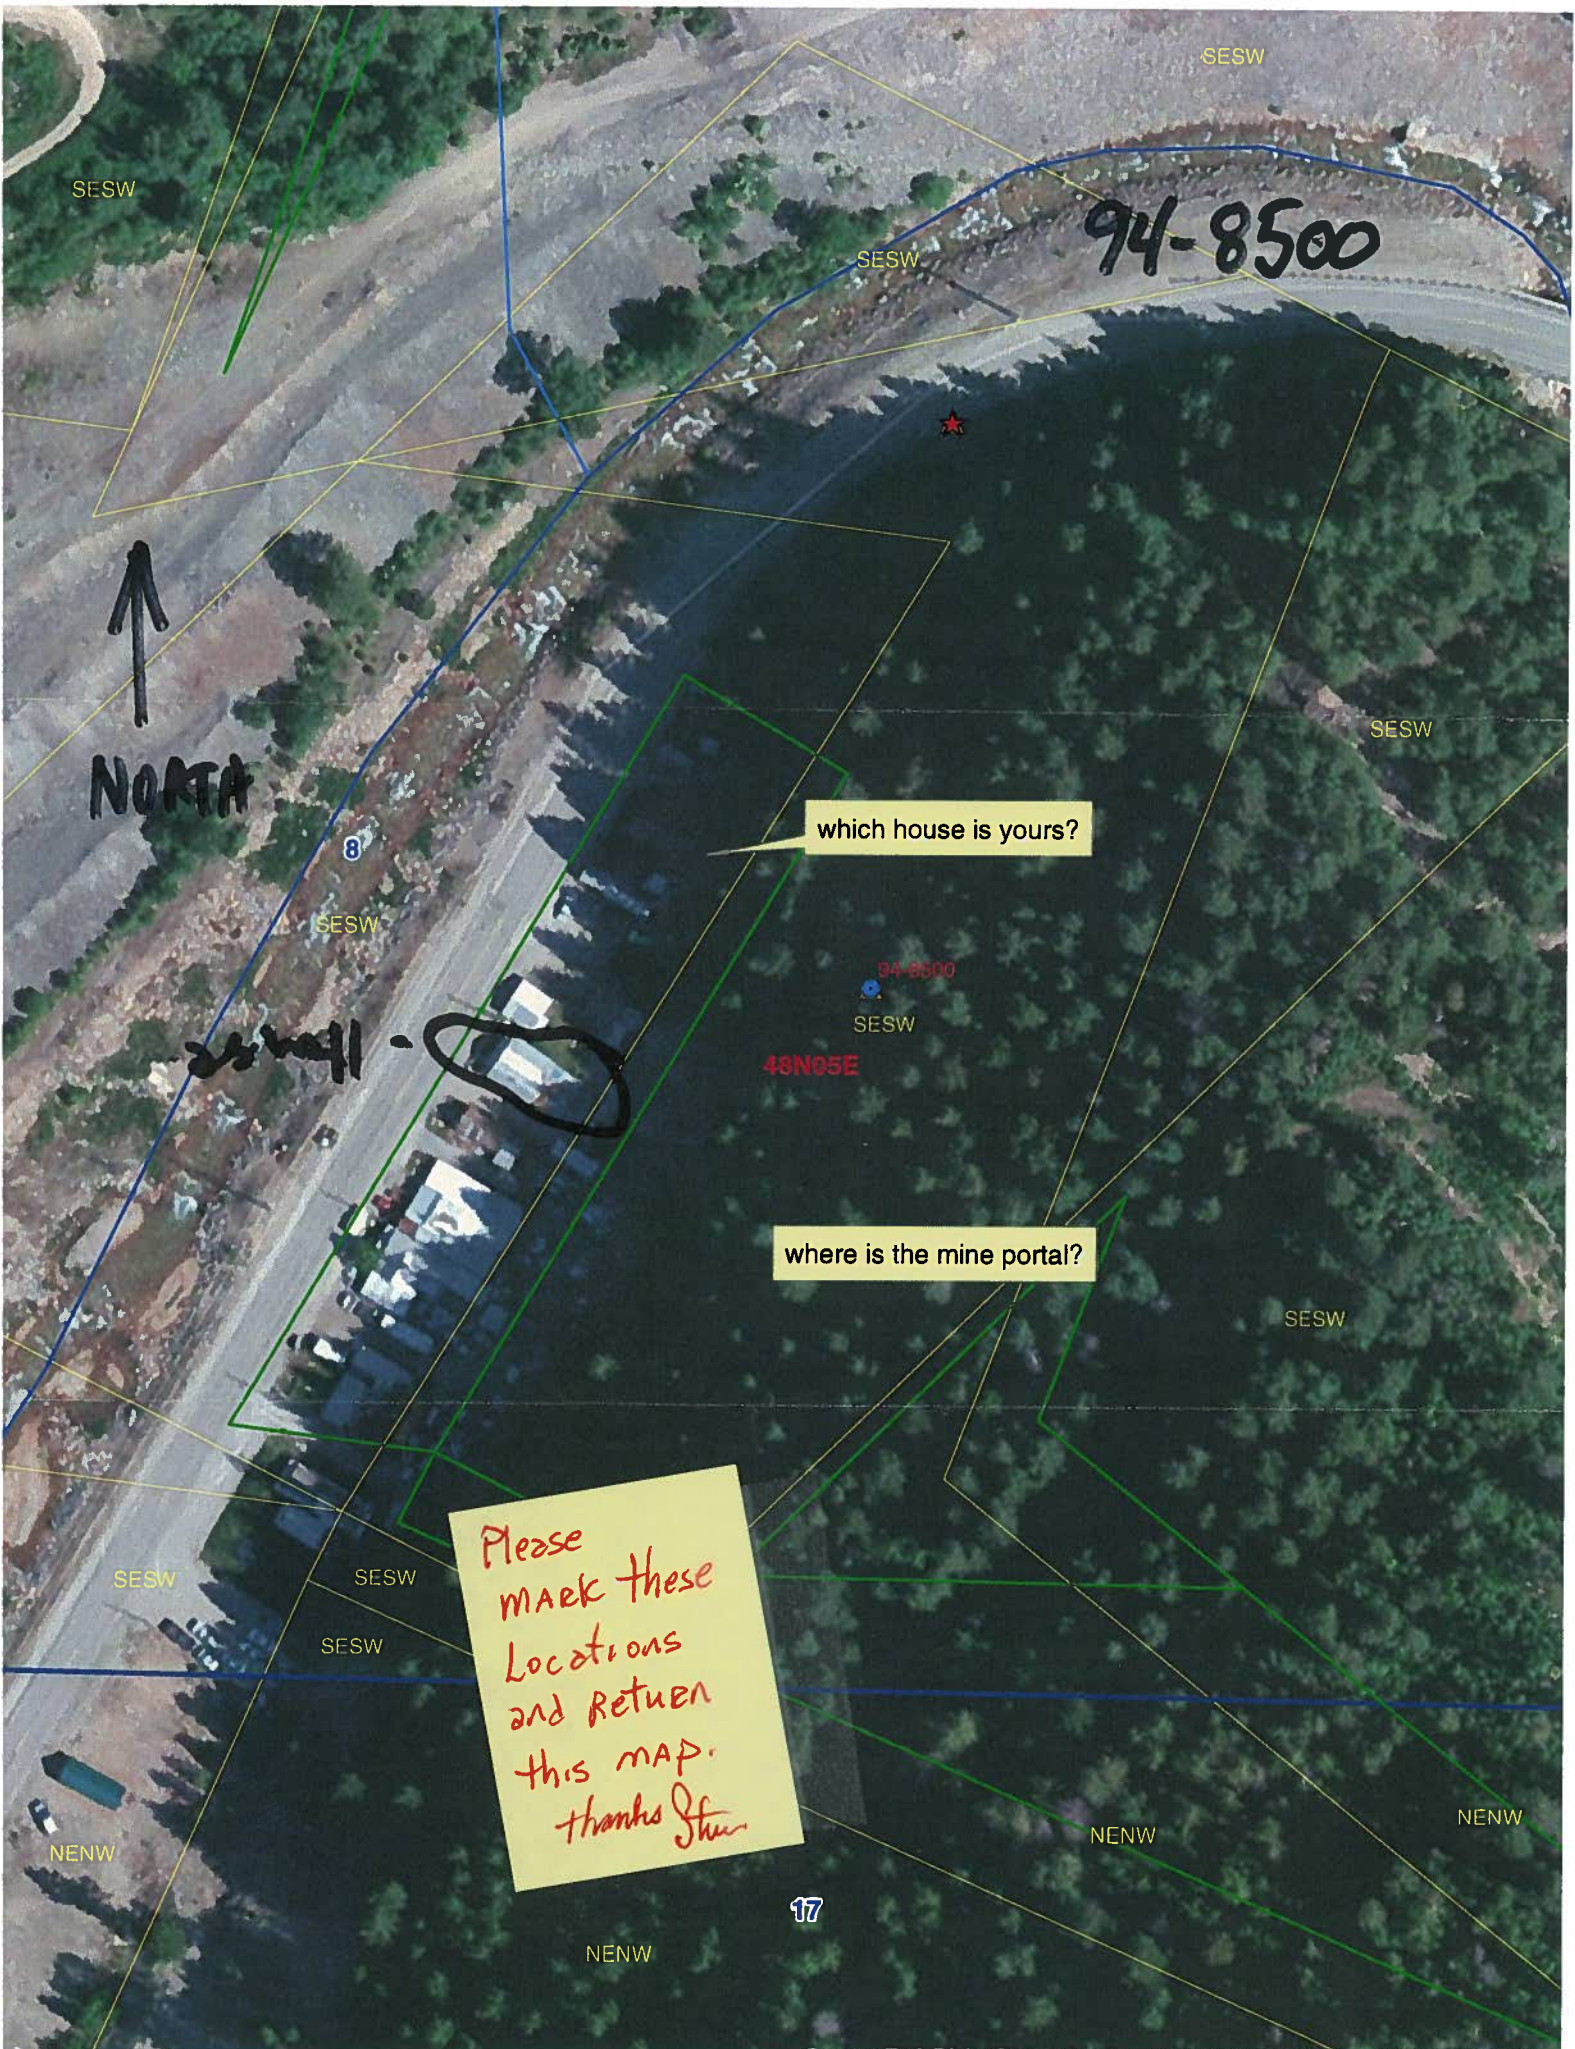

I circled the house on the map you provided. I am not sure about the mine portal you are referencing? This is the first correspondence I've had with you.

Your letter sounded as if we had spoken before and I made a claim of a "mine portal".

If there is a mine portal I assume it is located somewhere behind the house on the mountain.

Regards,

Jalmy Pina

House

which house is yours?

94-8500

48N05E

where is the mine portal?

Please
mark these
locations
and return
this map.
thanks Steve
