RE: CSRBA CLAIM 94-9043

Dear Mr. & Mrs. Johnson,

Your claim to a water right is being reviewed for recommendation. I am unable to confirm the location of your points of diversion from the three wells as you claimed. I am sending you a map to mark out the points for your claims.

It also is clear on our maps dated 1992 thru 2011 that no house is seen on the parcel as claimed. Perhaps you can describe how the wells were used during these times. There is a building shown in our 2013 aerial photo – is this a home? I did call at the number listed on your claim and the number is disconnected. Would you update that information in your returning correspondence?

Without this information your claim may not be accurately recommended to the CSRBA court. I have enclosed a return envelope for your use as well.

Your instream stockwater use is being recommended as shown on the map under a second claim, 94-9215.

Feel free to contact me on these issues via phone, email or mail.

Sincerely,

STEVE CLELLAND
