Remarks:Comments:

1. csaxton 5/31/2006 Recommendation

Comment: *The WM records are unclear as to who receives delivery of this right. However, it appears that WM records show that it was divided evenly among three users. Two of the users SRBA claims can be identified and will be recommended per WM records which matches their claims (67-356A and 67-356B). Since we cannot determine for sure who has the third right as the name on the claim does not match the tax lot date and I can not match the parcel data, and all claims are within the decreed POU, I will split the last 0.103 cfs between the two remaining claims (61-356C and 67-356D) until additional evidence is submitted showing differently.

*The WM records are unclear as to who receives delivery of this right. However, it appears that WM records show that it was divided evenly among three users. Since we cannot determine for sure who has the right and who does not, split it up evenly among the 4 that claimed it. If others file late claims, everyone's proportionate share will have to be adjusted.
