SUBJECT: Notice of Error Reply on Notice of Claim to a Water Right Number 91-7389

RESPONSE DEADLINE
DATE: January 15, 2015

Dear Mr. or Ms. Mitchell:

We have received your Notice of Error Reply indicating that you wish to make a change to the recommended claim by adding a second home, and I've made note of the corrected phone number.

A Notice of Claim to a Water Right should list the existing uses in effect at the time of the claimed priority date, i.e. January 11, 2000. An addition of a second home would indicate that both homes were supplied by the same well as of January 11, 2000.

If you would like to ensure that the second home is covered, you may appropriate a new water right for this usage. I've enclosed a brochure on water rights and an information sheet which explains the application process. If you prefer to add the second home on the existing claim, you may do so; however, the priority date should be changed to reflect the usage at the newest home, i.e. December 23, 2014. We are not able to recommend a future priority date, as this would be speculation.

In order to make any changes we will need an amended claim, of which I've enclosed. Please make any changes by crossing out the old information and inserting the new. Be sure to initial and date such change and sign the back of the claim under item 15.

Please feel free to contact me if you have any questions. I can be reached at (208) 762-2802 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
