along the pipeline. Myers has regulated the flow by opening or closing the valves along the pipeline to deliver the proper quantity of water to lands described by the water rights.

4. Water right nos. 67-00285, 67-00286, and 67-00287 were decreed in the case of Muir v. Allison. The following is a summary of the decreed water rights and corresponding claims filed in the Snake River Basin Adjudication.

Water Right No.	Quantity (cfs)	Decreed POU	Claimed POU	Acreage Claimed
67-00285	0.05 cfs	NWNE, SWNE, S10, T15N, R03W	SWNE, S10, T15N, R03W	3
67-00286	0.03 cfs	NESE, S10, T15N, R03W	NESE, S10, T15N, R03W	2
67-00287	0.38 cfs	NWSE S03	NWSE S03	19

		SESE S03	SESE S03	10
		NENE S10	NENE S10	10
		T15N, R03W	T15N, R03W	

5. IDWR records show that water right nos. 67-00285 and 67-00286 are owned by Melvin and Bessie Newbold. IDWR records also show water right no. 67-00287 is owned by Kermit Wiggins. Myers informed IDWR that Bret Newbold acquired water right nos. 67-00285 and 67-00286 and the places of use described by the rights from his parents, Melvin and Bessie Newbold. Myers also informed IDWR that Bret Newbold acquired the property described as a place of use by water right no. 67-00287, and that Myers delivered water authorized by water right no. 67-00287 to Bret Newbold during the 2000 irrigation season.

6. Flows in Rush Creek and the Weiser River are not presently sufficient to satisfy all of the water rights. Myers has prevented diversion of Rush Creek water authorized by late priority water rights to satisfy the early priority water rights.

7. On or about July 26, 2000, Myers informed Bret Newbold that adjudicated water rights were being regulated. Myers told Bret Newbold to limit use on his father's place (place of use for 67-00285 and 67-00286) to ten sprinkler heads, estimated to be 0.08 cfs. Myers also told Bret Newbold that he could run a one-quarter mile line on the land formerly owned by Kermit Wiggins (place of use for 67-00287).

8. On June 27, 2000, Myers observed hand lines irrigating land in the SENE of Section 10, T15N, R03W, B.M., which is not described by any water right deliverable on or after July 26, 2000. Approximately 20 acres of alfalfa is planted and irrigated in the SENE of Section 10.

9. On July 30, 2000, Myers discovered that Bret Newbold, Douglas Newbold (Bret's brother), their representatives, or employees, were diverting more water than authorized by water right nos. 67-00285 and 67-00286 by operating a one-quarter mile sprinkler line, estimated to be 32 sprinkler heads. The sprinkler line was irrigating land located in the NESE of Section 10, T15N, R03W, B.M., which is the place of use described by water right no. 67-00286 (0.03 cfs, 2 acres). Approximately 20 acres of alfalfa is planted and is irrigated in the NESE of Section 10.

10. After discovering the additional water diverted on July 30, 2000, Myers closed the valve delivering water to the one-quarter mile sprinkler line delivering water to the NESE of Section 10, and placed a watermaster warning on a marker post that the valve should not be readjusted.

11. On August 2, 2000, Myers discovered that the valve had been reopened. Land located in the NESE of Section 10 was again being irrigated with the one-quarter mile sprinkler line.

CONCLUSIONS OF LAW

1. Idaho Code Section 42-351 states:

If the director of the department of water resources finds, on the basis of available information, that a person is diverting water or has diverted water from a natural water course or from a ground water source without having obtained a valid water right to do so, or is applying water or has applied water not in conformance with a valid water right, then the director of the department of water resources shall have the discretion to issue a notice of violation to the person in accordance with the provisions of section 42-1701B, Idaho Code, for the illegal diversion or use of water.

2. Idaho Code Section 42-1701B states:

(2) Notice. . . . the notice of violation shall identify the alleged violation and shall specify each provision of the designated chapter, rule, permit, condition of approval or order which has been violated. The notice of violation shall state the remedy, including all restoration and mitigation measures, and the amount of any civil penalty the director seeks for redress of the violation. Factors the director may consider in seeking the appropriate remedy include the impact of the violation and whether the violation was willful, a repeat violation for which the violator had been given a prior written warning, or the violator has otherwise refused to comply with the department's lawful directives. The notice of violation shall inform the person to whom it is directed of an opportunity to confer with the director, or the director's designee in a compliance conference concerning the alleged violation.

(6) Penalties.

(a) . . . persons determined to be in violation of section 42-351, Idaho Code, shall be liable for a civil penalty not to exceed:

(ii) For irrigation uses, three hundred dollars (\$300) annually for each acre irrigated, in whole or in part, by the illegal use or diversion.

3. Bret Newbold, Douglas Newbold and their representatives or employees are diverting Rush Creek water in excess of the 0.03 cfs authorized for diversion by water right no 67-00286, and applying the water to approximately 20 acres of land in the NESE, Section 10, T15N, R03W, not authorized or claimed to be irrigated by water right no. 67-00286.

4. Bret Newbold, Douglas Newbold and their representatives or employees are also diverting Rush Creek water and irrigating approximately 20 acres of land located in the SENE, Section 10, T15N, R03W, without any water right authorizing the diversion or irrigation of these lands.

5. The diversion and use of water described above violates Idaho Code § 42-351.

ORDER

IT IS HEREBY ORDERED that Bret and Douglas Newbold and their representatives or employees shall cease and desist diverting water from Rush Creek in excess of 0.03 cfs for the irrigation of land located in the NESE, Section 10, T15N, R03W.

IT IS FURTHER ORDERED that Brett and Douglas Newbold and their representatives or employees shall cease and desist diverting water from Rush Creek for irrigation of lands located in the SENE, Section 10, T15N, R03W.

IT IS FURTHER ORDERED that IDWR seeks a civil penalty of \$300 per acre of land irrigated without a water right, totaling \$12,000 for 40 acres irrigated without a water right.

IDWR may pursue injunctive relief in the district court of the State of Idaho if Bret or Douglas Newbold do not cease the illegal use of water.

NOTICE IS GIVEN that Bret or Douglas Newbold may request, in writing, a compliance conference with IDWR within 14 days of the date of receipt of this notice of violation.

Dated this 4th day of August, 2000.

Gary

The only way I have regulated the water through the pipeline is by telling the water user, is that their water is down to adjudication and they can run 10 heads on the 67-00285 and the 67-00286 water rights being only 4" of adjudicated water and on the 67-00287 they can run a quarter mile line being 32 heads on their 19" right, there is really no other way to adjust the water.

On July ~~26~~ I told Bret that the water was down too adjudicated and too run only 10 heads on his fathers place and could run a quarter mile line 32 heads on the 67-00287 right. I had a complaint called to me that on the 67-00285 & 67-00286 water rights that Newbolds were running a quarter mile line 32 heads on that land. I went and talked to Douglas Newbold about it and I then tagged the valve and shut the water line off. This was on July 30. Aug 1 they turned the water back on in the quarter mile line. I had told them to leave it off but that they could run 10 heads, they also ran the quarter mile lines Aug 2, 2000

I was told by the neighbors that they ran the quarter lines on July 28 and 29 but I was gone and didn't see it.

Thank you
Jerry Myers

P.S. I found the valve had been turned back on not the deputy watermaster line 10

Bret Neubold is the owner of the land Douglas doesn't own any of it.

Any questions call I'll be home in the morning tell 9

the direction of the water commissioner or other officers charged by law with the execution of this decree and the waters of the said Hornet Creek Reservoir are to be distributed by the said water commissioner or other officers to the stockholders of the said Hornet Creek Water Storage Association according to their respective rights of said stockholders as the same shall appear by notice given said water commissioner for said water storage association at the commencement of each irrigation season.

It is further ordered, adjudged and decreed that the said Weiser Irrigation District may divert all of the waters flowing in said river during the low water period at the head of its canal upon delivery to the said Weiser City Water Ditch & Irrigating Company 450 inches of water, said delivery to be made at the gate or diversion point now connecting the two canals and where water has heretofore been diverted from the canal of the said Weiser Irrigation District into the canal of the said Weiser City Water Ditch and Irrigating Company.

As used in this decree the high water period shall include all that portion of the irrigation season when the river and its tributaries discharge sufficient water to supply all the allotments herein decreed on the basis of five-eighths ($5/8$) of an inch to the acre and the low water period shall consist of all that portion of the irrigation season when the discharge of the river and its tributaries is insufficient to supply the last named amount of water, and the foregoing allotments are made upon the basis of five-eighths ($5/8$) of an inch per acre, or its equivalent in irrigation heads, during the low water period, which is the maximum duty of water for said lands from said river and its tributaries, and whenever the commissioner, or other officer charged with the execution of this decree, finds the water in said river insufficient to supply the allotments as heretofore made on the basis of five-eighths ($5/8$) of an inch per acre, measured at the various diversion points, then and in that event the last appropriator in point of time shall be denied the use of said water.
