On March 27, 2014, the Idaho Department of Water Resources filed its *Director's Report for Basin 93 Water Rights*, recommending that the water right claims listed on the attached Exhibit A be disallowed. No objections were filed to these recommendations and the time for filing objections has expired.

THEREFORE IT IS ORDERED that the water right claims listed on the attached Exhibit A are hereby **disallowed with prejudice** and shall not be confirmed in any partial decree or in any final decree entered in the CSRBA, Case No. 49576, in whatever form that final decree may take or be styled.

DATED February 5, 2015.

ERIC J. WILDMAN

Presiding Judge

Coeur d'Alene-Spokane River Basin Adjudication

¹ The Court's original *Final Order Disallowing Water Right Claims* was entered in Twin Falls County Case No. 49576 (CSRBA Main Case) on January 26, 2015. The *Final Order* disallowed water right number 93-7018 on the ground that it was unclaimed. The disallowal of water right number 93-7018 was erroneous. A *Motion to File Late Notice of Claim* was filed in the CSRBA by the claimant on April 29, 2014. This Court entered an *Order* conditionally granting the *Motion to File Late Notice of Claim* on July 18, 2014. Therefore, this *Amended Final Order Disallowing Water Right Claims* is being entered for the sole purpose of removing water right claim 93-7018 from the list of disallowed water rights attached to the original *Final Order*.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.
