12. Describe any other water rights used at the same place and for the same purposes as described above.

or None (X)

13. Remarks: In the late 1920s and early 1930s water was pumped from Medicine Lake to irrigate this property using a truck engine driving a centrifugal pump with a 4 inch diameter discharge via an iron pipe that crossed under the county road and delivered water to a gravity flow ditch system. Father ran it for short periods as the large volume was hard to control. From 1940s to 1960s he used small gasoline powered pumps with 1" to 1 1/2" discharge pipes, then changed to the electric pump. The plastic pipelines still run through the large old iron pipe under the county road where it has been since the 1920s.
