SUBJECT: Notice of Claim to a Water Right Number 94-8028

RESPONSE DUE DATE:
MARCH 13, 2015

Dear Mr. Hanson:

The Notice of Claim to a Water Right identified with the number shown above has been filed in the Coeur D'Alene-Spokane River Basin Adjudication. The claim indicates your water usage is based on "Beneficial Use". Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. Since the priority date and historic use of a beneficial use right cannot be confirmed by field examination, proof must be provided by the claimant supporting the priority date claimed and the historic use of the water.

Enclosed you will find the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. Also enclosed is a map of your property. Please show on this map specifically where the point of diversion and irrigation usage is located. I realize that you did enclose a map when you submitted your claim; however, we do need to know exactly where the usage is.

Please return the map and required evidence supporting the priority date and the historic use by the date shown above, to my attention. Please don't hesitate to contact me if you have any questions or concerns. I can be reached at (208) 762-2802 or by email at linda.werner@idwr.idaho.gov.

Sincerely,

Linda A. Werner
Water Resource Agent, Sr.
