Panorama View Homes Lot 34, which is now owned by Jimmy and Patty Morrison, was part of a three-lot parcel, including Lots 32 and 33, that my wife and I purchased in 1967. The entire parcel was developed in 1958 with a cabin being built on lot 33. Water was withdrawn from the lake beginning 4/9/1958 and used for domestic purposes at the cabin and for irrigation of trees and landscaping across the entire parcel, including Lot 34.

We continued to withdraw water from the lake and use it on the parcel up until now. In 2005, we sold Lot 34 to the Morrisons, and they have continued to apply water to trees and lawn.
